Analysis of Comments Received

All issues raised for the preliminary results of this full sunset review are addressed in the Preliminary Decision Memorandum.⁸ The issues discussed in the Preliminary Decision Memorandum are the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if this AD order were

revoked.⁹ The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

Pursuant to sections 752(c) of the Act, we determine that revocation of the AD order on steel nails from Oman would be likely to lead to continuation or recurrence of dumping at weighted average margins up to 9.10 percent.

Interested parties may submit case briefs no later than 30 days after the date of publication of the preliminary results of this full sunset review, in accordance with 19 CFR 351.309(c)(1)(i). Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed no later than seven days after the time limit for filing case briefs in accordance with 19 CFR 351.309(d). Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁰ Any interested party may request a hearing within 30 days of publication of this notice in accordance with 19 CFR 351.310(c). If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Commerce will issue a notice of final results of this full sunset review, which will include the results of its analysis of issues raised in any such comments, no later than January 27, 2021.

This five-year sunset review and notice are in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act and 19 CFR 351.218(f)(1).
