SUPPLEMENTARY INFORMATION:**I. General Information****A. Does this Action Apply to Me?**

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111)
- Animal production (NAICS code 112)
- Food manufacturing (NAICS code 311)
- Pesticide manufacturing (NAICS code 32532)

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. **Docket.** EPA has established a docket for this action under Docket identification number (ID) EPA-HQ-OPP-2005-0512; FRL-7749-6. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This Docket Facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved label, the list of data references, the data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are also available for public inspection. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and

must be addressed to the Freedom of Information Office (A-101), 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001. The request should: Identify the product name and registration number and specify the data or information desired.

A paper copy of the fact sheet, which provides more detail on this registration, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Rd., Springfield, VA 22161.

2. **Electronic access.** You may access this **Federal Register** document electronically through the EPA Internet under the “**Federal Register**” listings at <http://www.epa.gov/fedrgstr/>.

Agency Website. EDOCKET, EPA’s electronic public docket and comment system was replaced on November 25, 2005, by an enhanced federal-wide electronic docket management and comment system located at <http://www.regulations.gov>. Follow the online instructions.

An electronic version of the public docket is available through EPA’s electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select “search,” then key in the appropriate docket ID number.

II. Did EPA Approve the Application?

The Agency approved the application after considering all required data on risks associated with the proposed use of *Verticillium* isolate WCS 850 and Saponins of *Chenopodium quinoa*, and information on social, economic, and environmental benefits to be derived from its use. Specifically, the Agency has considered the nature of the chemical and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that use of *Verticillium* isolate WCS 850 and

Saponins of *Chenopodium quinoa* in accordance with widespread and commonly recognized practice, will not generally cause unreasonable adverse effects to the environment.

III. Approved Application

EPA issued a notice, published in the **Federal Register** of August 10, 2005 (70 FR 46507) (FRL-7724-3), which announced that ARCADIS Innovative Tree Services, 1114 Benfield Boulevard, Suite A, Millersville, MD 21108, had submitted an application to register the pesticide product, Dutch Trig®, a fungicide. (EPA File Symbol 71927-R), containing the active ingredient, *Verticillium* isolate WCS 850. This product is intended to protect elm trees from Dutch elm disease. The application was approved on October 19, 2005, as Dutch Trig® (EPA Registration Number 71927-1).

EPA issued another notice, published in the **Federal Register** of December 15, 2004 (69 FR 75063-75065) (FRL-7687-7), which announced that Heads Up Plant Protectants Inc., c/o Walter G. Talarek, PC, 1008 Riva Ridge Drive, Great Falls, VA, 22066, had submitted an application to register the pesticide product, Heads Up Plant Protectant, a fungicide. (EPA File Symbol 81853-R), containing Saponins of *Chenopodium quinoa*, with saponins at 49.65%. This product was not previously registered. The application was approved on September 16, 2005, as Heads Up Plant Protectant, (EPA Registration Number 81853-1).

BILLING CODE 6560-50-S

ENVIRONMENTAL PROTECTION AGENCY**[EPA-HQ-OPP-2002-0247; FRL-7752-5]****Azinphos-methyl; Order to Amend Registrations to Terminate Certain Uses****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: This notice announces the order to amend registrations to terminate certain uses, voluntarily requested by the registrant(s) and accepted by the Agency, of products containing the pesticide azinphos-methyl, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. This cancellation order follows a September 30, 2002 **Federal Register** Notice of Receipt of Requests (67 FR 61337) (FRL-7199-6) from the azinphos-methyl registrants to amend their product registrations to terminate certain uses of azinphos-methyl from their product registrations. In the September 30, 2002 Notice, EPA indicated that it would issue an order implementing the amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests. The Agency did not receive any comments on the Notice. Accordingly, EPA approved new labels without the uses in August 2003. Any distribution, sale, or use of the azinphos-methyl products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective December 28, 2005.

FOR FURTHER INFORMATION CONTACT: Diane Isbell, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8154; fax number: (703) 308-8041; e-mail address: isbell.diane@epa.gov.

SUPPLEMENTARY INFORMATION:**I. General Information***A. Does this Action Apply to Me?*

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members

of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number EPA-HQ-OPP-2002-0247. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

EDOCKET, EPA's electronic public and comment system was replaced on November 25, 2005, by an enhanced Federal-wide electronic docket management and comment system located at <http://www.regulations.gov/>. Follow the on-line instructions.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. Once in the system, select "search," then key in the appropriate docket ID number.

II. What Action is the Agency Taking?

On May of 2002, Bayer CropScience, Makheteshim Chemical Works, Gowan Company, and Micro-Flo Corporation signed a Memorandum of Agreement with EPA implementing the provisions of the Azinphos-methyl IRED by dividing the universe of uses into three groups. Group 1 contained 23 crops with little use that were deleted from product labels immediately. Group 2 consists of seven uses that are scheduled to be phased out. Group 3 is comprised of 10 uses which have time-limited registrations pending the submission and evaluation of renewal applications and biomonitoring, product efficacy, and other data.

In August 2003, the Agency approved the requested amendments to terminate the Group 1 uses of azinphos-methyl from the product registrations. New labels were approved without the Group 1 uses. The Group 1 uses, requested for termination by the registrant, consisted of the following: Alfalfa, beans (succulent and snap), birdsfoot trefoil, broccoli, cabbage (including Chinese), cauliflower, celery, citrus, clover, cucumbers, eggplant, filberts, grapes, melons (honeydew, muskmelon, cantaloupe, watermelons, and other melons), onions (green and dry bulb), pecans, peppers, plums and dried plums, quince, spinach, strawberries, and tomatoes.

Table 1 includes the names and addresses of record for the registrants that requested use terminations for their products, in sequence by EPA company number.

EPA Company No.	Company Name and Address
264	Bayer CropScience 2 T.W. Alexander Drive Research Triangle Park, North Carolina 27709
10163	Gowan Company P.O. Box 5569, Yuma, Arizona 85366-5569
11678	Makhteshim Chemical Works, 4515 Falls of Neuse Road, Suite 300, Raleigh, North Carolina 27609
51036	Micro-Flo Corporation, LLC., 530 Oak Court Drive, Memphis, Tennessee 38117

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the September 30, 2002

Federal Register notice announcing the Agency's receipt of the requests to terminate certain uses of azinphos-methyl.

IV. Use Termination Order

Pursuant to FIFRA section 6(f), EPA is issuing this cancellation order as a follow-up to the Agency's August 2003, approval of the requested amendments to terminate the Group 1 uses of azinphos-methyl from the product registrations. As noted above, new labels were approved without the Group 1 uses. Accordingly, this order incorporates the Agency's approval of the amended labels terminating the affected uses.

Any distribution, sale, or use of existing stocks of the affected products in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth below in Unit VI. will be considered a violation of FIFRA.

V. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the Administrator may approve such a request. This order reflects the Agency's August 2003, approval of that request.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The cancellation order issued in this Notice includes the following existing stocks provision.

All sale, distribution and use of existing stocks by registrants of manufacturing-use products bearing these uses was prohibited 90-calendar days after receipt of EPA approved revised labels reflecting the use deletions. All sale and distribution of existing stocks of end-use products bearing these uses by registrants was prohibited 90-calendar days after receipt of EPA approved revised labels reflecting the use deletions. Use of existing stocks of end use products bearing these uses is not prohibited provided the users follow the labeling instructions.

Mancozeb Reregistration Eligibility Decision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's Reregistration Eligibility Decision (RED) for the pesticide mancozeb. The Agency's risk assessments and other related documents are also available in the mancozeb Docket. Mancozeb is a member of the ethylene bisdithiocarbamate (EBDC) group of fungicides, which also includes the related fungicides maneb and metiram. Mancozeb is used as a broad spectrum fungicide on a variety of agricultural crops, ornamentals, and turf. As a part of this process, the Agency announced the availability of the EBDCs preliminary risk assessments and supporting documents for a 90-day comment period and requested risk reduction options under docket identification (ID) number EPA-HQ-OPP;2004-0078. Through these programs, EPA is ensuring that all pesticides meet current health and safety standards.
