SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Public Notice* DA 04-1405 released May 19, 2004. The Commission announced the next meeting date and meeting agenda of its Consumer Advisory Committee.

Purpose and Functions

The purpose of the Committee is to make recommendations to the Commission regarding consumer issues within the jurisdiction of the Commission and to facilitate the participation of consumers (including people with disabilities and underserved populations, such as Native Americans and persons living in rural areas) in proceedings before the Commission.

Meeting Agenda

At its June 18, 2004 meeting, the Committee will (1) receive briefings by FCC staff regarding Agency activities; (2) receive a progress report from its Broadband Working Group; and (3) receive a briefing by its Homeland Security working group regarding problems and solutions raised at the March 25th homeland security disability summit. The Committee will also discuss truth in billing issues with representatives of public and private stakeholders. Time will be allotted between 10 a.m. and 12 p.m. for working group breakout sessions.

A copy of the May 19, 2004, *Public Notice* is available in alternate formats (Braille, cassette tape, large print or diskette) upon request. It is also posted on the Commission's Web site at <http://www.fcc.gov/cgb/cac>. Meeting minutes will be available for public inspection at the FCC headquarters building and will be posted on the Commission's Web site at <http://www.fcc.gov/cgb/cac>.

The Committee meeting will be open to the public and interested persons may attend the meeting and communicate their views. Members of the public will have an opportunity to address the Committee on issues of interest to them and the Committee. Written comments for the Committee may also be sent to the Committee's Designated Federal Officer, Scott Marshall.

The meeting site is fully accessible to people using wheelchairs or other mobility aids. Meeting agendas and handouts will be provided in accessible format; sign language interpreters, open captioning, and assistive listening devices will be provided on site. The meeting will be webcast with open captioning at <http://www.fcc.gov/cgb/>

cac. Request other reasonable accommodations for people with disabilities as early as possible; please allow at least 5 days advance notice. Include a description of the accommodation you will need including as much detail as you can. Also include a way we can contact you if we need more information. Last minute requests will be accepted, but may be impossible to fill. Send an e-mail to: fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (TTY).

Initiatives To Educate State Legislatures About Priority Public Health Issues

Announcement Type: New.

Funding Opportunity Number: 04157.

Catalog of Federal Domestic

Assistance Number: 93.283.

Key Dates:

Letter of Intent Deadline: June 17, 2004.

Application Deadline: July 12, 2004.

I. Funding Opportunity Description

Authority: This program is authorized under sections 301(a), and 317(k)(2) of the Public Health Service Act [42 U.S.C. 241(a) and 247b(k)(2)], as amended.

Purpose: The purposes of this program announcement are to identify and implement national educational initiatives to address the need for accurate, comprehensive, and timely public health information for state legislatures through informational forums and other communication channels to address current and emerging public health concerns of state legislatures including barriers to effective public health.

These activities shall not be intended to support or defeat particular state legislation.

Priority areas for these activities are prevention, early detection, and control of disease, injury, and disability, and the strengthening of state and local public health agencies.

This program addresses "Healthy People 2010" focus areas of birth defects, developmental disabilities and health for people with disabilities; chronic disease and related risk factors; environmental health; Human Immuno Deficiency Virus (HIV), sexually transmitted diseases (STD) and Tuberculosis (TB); infectious disease; injury and violence prevention; immunization; occupational safety and health; public health practice and infrastructure. In addition, this program addresses emergency preparedness and response; genomics; health issues facing older Americans, and health disparities.

Measurable outcomes of the program will be in alignment with one (or more) of the following performance goals for the Centers for Disease Control and Prevention:

A. Increase Legislators awareness and understanding of current and emerging public health activities and issues.

B. Assist in identifying state specific and national public health initiatives.

C. Increase understanding and knowledge of public health initiatives among state legislators.

D. Support understanding the public health missions, objectives, and activities of the Centers, Institutes, and Offices at the Centers for Disease Control and Prevention (CDC).

Activities: Recipient activities are divided into two categories: core and categorical. Core activities provide for cross-cutting activities or subject-specific activities. Categorical activities are subject area specific. Specific core and categorical activities should not be duplicative.

Recipient Core Activities: Each core activity should reflect the interests of a minimum of three CDC programs with special emphasis on the following: National Center for Birth Defects and Developmental Disabilities; National Center for Chronic Disease Prevention and Health Promotion; National Center for Environmental Health; National Center for HIV, STD and TB Prevention; National Immunization Program; Office of Terrorism, Preparedness and Emergency Response; and Public Health Practice Program Office. Priority focus areas for year one core activities should reflect the public health mission and objectives of CDC (<http://www.cdc.gov>).

a. Identify and address national and state public health activities and concerns that affect program decision-making and planning activities. Assess the status of legislative trends in public

health on a quarterly basis. At a minimum conduct quarterly education updates for state legislatures on public health activities.

b. Develop and coordinate public health educational and information sharing activities with state and local health department contacts, including public health experts, to ensure that organization members from each state legislature are aware of public health issues, programs, and activities in their state or region.

c. Enhance relationships with and consult with key organizations to inform state legislators about prevention and public health activities and goals.

d. Respond to legislative requests about prevention and public health activities and issues and provide public health experts with a compendium of contact inquiries on a quarterly basis.

e. Examine existing research in order to develop and distribute publications tailored to the information needs of state legislators on public health disease control and prevention in order to educate state legislators about relevant policy and program activities and challenges to effective public health.

f. Provide forums for state health officials, state policy makers, and state legislative staff to share ideas and learn about public health activities and challenges to effective public health.

g. Develop or use existing capabilities to effectively communicate and share public information including electronic posting and dissemination of information and services for legislators, other stakeholders, and the general public about emerging and current public health activities and challenges to effective public health.

h. Ensure CDC core activities are complementary and do not duplicate categorical activities. To ensure maximum efficiency, activities related to public health and education funded by other organizations is also coordinated with the activities funded under this program announcement.

i. Conduct workshops on priority public health activities and challenges to effective public health at national health conferences and through other venues.

j. Plan, conduct, and evaluate (using both process and outcome measures), an annual meeting in the most cost efficient location to facilitate the exchange of public information between public health experts, legislators, and their staff.

k. Provide a forum and/or publication for newly-elected state legislators, so they can learn about priority public health activities and barriers to effective public health.
