SMALL BUSINESS ADMINISTRATION**Interagency Task Force on Veterans Small Business Development****AGENCY:** U.S. Small Business Administration.**ACTION:** Notice of open Federal Interagency Task Force Meeting.

SUMMARY: The SBA is issuing this notice to announce the location, date, time, and agenda for its public meeting of the Interagency Task Force on Veterans Small Business Development. The meeting will be open to the public.

DATES: Friday, April 26, 2013, from 9:00 a.m. to 12:00 p.m. in the Conference Room.

ADDRESSES: SBA Washington Area District Office, 740 15th Street, NW., Suite 300, Washington, DC 20005.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a) (2) of the Federal Advisory Committee Act (5 U.S.C., Appendix 2), SBA announces the meeting of the Interagency Task Force on Veterans Small Business Development. The Task Force is

established pursuant to Executive Order 13540 and focused on coordinating the efforts of Federal agencies to improve capital, business development opportunities and pre-established Federal contracting goals for small business concerns owned and controlled by veterans (VOB's) and service-disabled veterans (SDVOSB'S). Moreover, the Task Force shall coordinate administrative and regulatory activities and develop proposals relating to "three focus areas": (1) Training, Counseling & Capital; (2) Federal Contracting & Verification; (3) Improved Federal Support. On November 1, 2011, the Interagency Task Force on Veterans Small Business Development submitted its first report to the President, which included 18 Recommendations. In addition, the Task Force will allow time to obtain public comment from individuals and representatives of organizations regarding the areas of focus.

FOR FURTHER INFORMATION CONTACT: The meeting is open to the public, however, advance notice of attendance is requested. Anyone wishing to attend and/or make a presentation to the Task Force must contact Cheryl Simms, by April 19, 2013, by email in order to be placed on the agenda. Comments for the Record should be applicable to the "three focus areas" of the Task Force and emailed prior to the meeting for inclusion in the public record, verbal presentations; however, will be limited to five minutes in the interest of time

and to accommodate as many presenters as possible.

Written comments should be emailed to Cheryl Simms, Program Liaison, Office of Veterans Business Development, U.S. Small Business Administration, 409 3rd Street, SW., Washington, DC 20416, at the email address for the Task Force, veteransbusiness@sba.gov. Additionally, if you need accommodations because of a disability or require additional information, please contact Cheryl Simms, Designated Federal Official for the Task Force at (202) 205-6773; or by email at: cheryl.simms@sba.gov. For more information, please visit our Web site at www.sba.gov/vets.

Dated: April 3, 2013.

DEPARTMENT OF TRANSPORTATION**Maritime Administration****Small Shipyard Grant Program; Application Deadlines****AGENCY:** Maritime Administration, Department of Transportation.**ACTION:** Notice.

SUMMARY: Under the Small Shipyard Grant Program, there is currently \$9,457,986.00 available for grants for capital and related improvements to qualified shipyard facilities that will be effective in fostering efficiency,

competitive operations, and quality ship construction, repair, and reconfiguration. This notice announces the intention of the Maritime Administration to provide grants to small shipyards. Catalog of Federal Domestic Assistance Number: 20.814. Potential applicants are advised that, based on past experience, the number of applications will far exceed the funds available and that only a small percentage of applications will be funded. It is anticipated that up to 10 applications will be selected for funding with an average grant amount of about \$1 million.

DATES: The period for submitting grant applications, as mandated by statute, commenced on March 26, 2013. All applications must be received by the Maritime Administration by 5:00 p.m. EDT on May 28, 2013. Applications not received by this deadline will not be considered. The Maritime Administration intends to award grants no later than July 24, 2013.

ADDRESSES: Grant Applications should be sent to the Associate Administrator for Business and Finance Development, Room W21-318, Maritime Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: David M. Heller, Director, Office of Shipyards and Marine Engineering, Maritime Administration, Room W21-318, 1200 New Jersey Ave. SE., Washington, DC 20590; David.Heller@dot.gov; phone: (202) 366-5737; or fax: (202) 366-6988.

SUPPLEMENTARY INFORMATION: Grants under the Maritime Administration's Small Shipyard Grant Program may not be used to construct buildings or other physical facilities or to acquire land unless such use is specifically approved by the Maritime Administration as being consistent with, and supplemental to, capital and related infrastructure improvements. Grant funds may also be used for maritime training programs to foster technical skills and operational productivity in communities, the economies of which are related to or dependent upon the maritime industry. Grants for such training programs may only be awarded to "Eligible Applicants" as described below, but training programs can be established through vendors to such applicants.

Award Information: The Maritime Administration intends to award the full amount of the available funding through grants to applications with merit. No more than 25 percent of the funds available will be awarded to shipyard facilities in one geographic location that have more than 600 production

employees. The Maritime Administration will seek to obtain the maximum benefit from the available funding by awarding grants to as many projects with merit as possible. The Maritime Administration may partially fund applications by selecting parts of the total project. The start date and period of performance for each award will depend on the specific project and must be agreed to by the Maritime Administration.

Eligibility Information: 1. Eligible Applicants—46 U.S.C. 54101 provides that shipyards can apply for grants. The shipyard facility for which a grant is sought must be in a single geographical location, located in or near a maritime community, and may not have more than 1200 production employees. The applicant must be the operating company of the shipyard facility. The shipyard facility must construct, repair, or reconfigure vessels 40 feet in length or greater, for commercial or government use. 2. Eligible Projects—capital and related improvement projects that will be effective in fostering efficiency, competitive operations, and quality ship construction, repair, and reconfiguration; and training projects that will be effective in fostering employee skills and enhancing productivity. For capital improvement projects, all items proposed for funding must be new and will be owned by the applicant. For both capital improvement and training projects, all project costs, including the recipient's share, must be incurred after the date of the grant agreement.

Matching Requirements: The Federal funds for any eligible project will not exceed 75 percent of the total cost of such project. The remaining portion of the cost shall be paid in funds from or on behalf of the recipient. The applicant is required to submit detailed financial statements and supporting documentation demonstrating how and when such matching requirement is proposed to be funded as described below. The recipient's entire matching requirement must be paid prior to payment of any Federal funds for the project. However, when good cause can be shown, the Maritime Administrator may waive the matching requirement in whole or in part, if the Administrator determines that a proposed project merits support and cannot be undertaken without a higher percentage of Federal financial assistance.

Application: An application should be filed on Standard Form SF-424 which can be found at <http://marad.dot.gov>. Although the form is available electronically, the application

must be filed in hard copy as indicated below due to the amount of information requested. A shipyard facility in a single geographic location applying for multiple projects must do so in a single application. The application for a grant must include all of the following information as an addendum to Standard Form SF-424. The information should be organized in sections as described below:

Section 1: A description of the shipyard including (a) location of the shipyard; (b) a description of the shipyard facilities; (c) years in operation; (d) ownership; (e) customer base; (f) current order book, including type of work; (g) vessels delivered (or major projects) over last 5 years; and (h) Web site address, if any.

Section 2: For each project proposed for funding, the following:

(a) A comprehensive detailed description of the project including a statement of whether the project will replace existing equipment, and, if so, the disposition of the replaced equipment.

(b) A description of the need for the project in relation to shipyard operations and business plan and an explanation of how the project will fulfill this need.

(c) A quantitative analysis demonstrating how the project will be effective in fostering efficiency, competitive operations, and quality ship construction, repair, or reconfiguration (for capital improvement projects) or how the project will be effective in fostering employee skills and enhancing productivity (for training projects). The analysis should quantify the benefits of the projects in terms of man-hours saved, dollars saved, percentages, or other meaningful metrics. The methodology of the analysis should be explained with assumptions used, identified and justified.

(d) A detailed methodology and timeline for implementing the project.

(e) A detailed itemization of the cost of the project together with supporting documentation, including current vendor quotes and estimates of installation costs.

(f) A statement explaining if any elements of the project require action under the National Environmental Policy Act (42 U.S.C. 4321, *et seq.*) or require any licenses or permits. Items 2(a) thru 2(f) should be repeated, in order, for each separate project included in the application.

Section 3: A table with a prioritized list of projects and total cost and Federal portion (in dollars) for each.

Section 4: A description of any existing programs or arrangements, if

any, which will be used to supplement or leverage the Federal grant assistance.

Section 5: Special economic circumstances and conditions, if any, of the maritime community in which the shipyard is located (beyond that which is reflected in the unemployment rate of the county in which the shipyard is located and whether that county is in an economically distressed area, as defined by 42 U.S.C. 3161).

Section 6: Shipyard company officer's certification of each of the following requirements:

(a) That the shipyard facility for which a grant is sought is located in a single geographical location in or near a maritime community and (i) the shipyard facility has no more than 600 production employees, or (ii) the shipyard facility has more than 600 production employees, but fewer than 1200 production employees (shipyard officer must certify to either (i) or (ii));

(b) That the applicant has the authority to carry out the proposed project; and

(c) Certification in accordance with the Department of Transportation's regulation restricting lobbying, 49 CFR part 20, that the applicant has not, and will not, make any prohibited payments out of the requested grant. Certifications are not required to be notarized.

Section 7: Unique identifier of shipyard's parent company (when applicable): Data Universal Numbering System (DUNS + 4 number) (when applicable).

Section 8: 2011 or 2012 (if available) year-end, audited, reviewed, or compiled financial statements, prepared by a certified public accountant, according to U.S. generally accepted accounting principles, not on an income-tax basis. The September 30, 2012 financial statements prepared by the company if December 31, 2012, CPA-prepared statements are not available. Note: Do not provide tax returns.

Section 9: Statement regarding the relationship between applicants and any parents, subsidiaries, or affiliates, if any such entity is going to provide a portion of the match.

Section 10: Evidence documenting applicant's ability to make the proposed matching contribution (loan agreement, commitment from investors, cash on balance sheet, etc.) and in the time period outlined in 2(d) above.

Section 11: Pro-forma financial statements reflecting (a) September 30, or December 31, 2012, financial condition; (b) effect on balance sheet of grant and matching funds (i.e. a decrease in cash or increase in debt, additional equity and an increase in

fixed assets); and (c) impact on company's projected financial condition (balance sheet) of completion of project, showing that company will have sufficient financial resources to remain in business.

Section 12: Statement whether during the past five years, the applicant or any predecessor or related company has been in bankruptcy or in reorganization under Chapter 11 of the Bankruptcy Code, or in any insolvency or reorganization proceedings, and whether any substantial property of the applicant or any predecessor or related company had been acquired in any such proceeding or had been subject to foreclosure or receivership during such period. If so, provide details.

Additional information may be requested as deemed necessary by the Maritime Administration in order to facilitate and complete its review of the application. If such information is not provided, the application may be deemed incomplete by the Maritime Administration and will not be processed.

Where to File Application: Submit an original paper copy of the application, one additional paper copy of the application, and two Compact Disks (CDs) each containing complete electronic versions of the application in PDF format to: Associate Administrator for Business and Finance Development, Room W21-318, Maritime Administration, 1200 New Jersey Ave., SE., Washington, DC 20590.

Evaluation of Applications: The Maritime Administration will award grants in its sole discretion in such amounts and under such conditions it determines will best further the statutory purposes of the small shipyard grant program. The Maritime Administration will evaluate the applications on the basis of how well the project for which a grant is requested would be effective in fostering efficiency, competitive operations, and quality ship construction, repair, and reconfiguration (for capital improvement projects) or how well the project for which a grant is requested would be effective in fostering employee skills and enhancing productivity (for training projects), as requested in section 2 (c) above. The economic circumstances and conditions will be based upon the unemployment rate of the county in which the shipyard is located and whether that county is an economically distressed area, supplemented by any special economic circumstances and conditions identified by the applicant. Projects that may require additional environmental assessments such as those including

waterside improvements (dredging, bulkheading, pier work, pilings, etc.) will not be considered for funding. Preference will be given to funding applications: (1) That propose matching funds greater than a 25% share of the project; (2) that impact existing operations and/or product lines rather than expanding the capabilities of the shipyard into new product lines or capabilities; and (3) that result in a geographic diversity of grant recipients.

Conditions Attached To Awards: The grant agreement will specify the records to be maintained by the recipient that must be available for review and audit by the Maritime Administration, as well as any other conditions and requirements.

(Authority: 46 U.S.C. 54101 and the Consolidated and Further Continuing Appropriations Act, 2013, Pub. L. 113-6.)

Dated: April 8, 2013.

By Order of the Maritime Administrator.

Ryan Kabacinski,

Acting Secretary, Maritime Administration.
