Authorization

NMFS has issued an IHA to GSOE for conducting marine site characterization surveys offshore of Delaware and along potential submarine cable routes for a period of one year, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated.

Dated: June 1, 2018.

Donna S. Wieting,

Director, Office of Protected Resources, National Marine Fisheries Service.

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Pacific Fishery
Management Council's (Pacific Council)
Salmon Technical Team (STT) will hold
a series of meetings to initiate the
development of salmon rebuilding plans
for Klamath River fall Chinook,
Sacramento River fall Chinook, Strait of
Juan de Fuca natural coho, Queets River
natural coho, and Snohomish River
natural coho. These meetings are open
to the public.

DATES: The meetings will be held June 20, 2018 through June 28, 2018. See **SUPPLEMENTARY INFORMATION** for specific dates and times.

ADDRESSES: The STT meetings for Klamath River fall Chinook and Sacramento River fall Chinook will be held in the Siskiyou Room at the Red Lion Hotel, 1830 Hilltop Drive, Redding, CA 96002; telephone: (530) 221–8700.

The STT meeting for Strait of Juan de Fuca natural coho will be held in Room 261 at the National Oceanic and Atmospheric Administration West Coast Region Office, 510 Desmond Drive SE, Lacy, WA 98503; telephone: (360) 753–9530. Please check-in at the U.S. Fish and Wildlife's reception desk for security clearance.

The STT meetings for Queets River natural coho and Snohomish River natural coho will be held in the large conference room at the Northwest Indian Fisheries Commission, 6730 Martin Way East, Olympia, WA 98516; telephone: (360) 438–1180.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Ms. Robin Ehlke, Pacific Council; telephone: (503) 820–2410.

SUPPLEMENTARY INFORMATION:

The STT meeting for Klamath River fall Chinook will be held Wednesday, June 20, 2018, from 10 a.m. to 5 p.m., or until business for the day has been completed.

The STT meeting for Sacramento River fall Chinook will be held Thursday, June 21, 2018, from 10 a.m. to 5 p.m., or until business for the day has been completed.

The STT meeting for Strait of Juan de Fuca natural coho will be held Tuesday, June 26, 2018, from 10 a.m. to 5 p.m., or until business for the day has been completed.

The STT meeting for Queets River natural coho will be held Wednesday, June 27, 2018, from 10 a.m. to 5 p.m., or until business for the day has been completed.

The STT meeting for Snohomish River natural coho will be held Thursday, June 28, 2018, from 10 a.m. to 5 p.m., or until business for the day has been completed.

Three natural coho stocks (Queets coho, Strait of Juan de Fuca coho, and Snohomish coho) and two Chinook stocks (Sacramento River fall Chinook) were found to meet the criteria for being classified as overfished in the PFMC Review of 2017 Ocean Salmon Fisheries. Under the tenets of the Salmon Fishery Management Plan (FMP), the STT is required to develop a salmon rebuilding plan for each of these stocks and propose them to the Council within one year.

The STT will meet with tribal, state, and other management entities who will work with the STT to provide data and expertise on pertinent topics to be included in each rebuilding plan, consistent with the FMP. Discussions may include, but are not limited to, work flow, document structure, and timeline. One meeting will occur for each of the five stocks; additional meetings will be scheduled as needed. These work sessions are open to the public.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this

document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at kris.kleinschmidt@noaa.gov or (503) 820–2411 at least 10 days prior to the meeting date.

Dated: June 4, 2018.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Schedules for Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops will be held in July, August, and September of 2018. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted during 2018 and will be announced in a future notice.

DATES: The Atlantic Shark Identification Workshops will be held on July 26, August 23, and September 20, 2018. The Safe Handling, Release, and
