Drug Enforcement Administration

[Docket No. DEA-392]

Importer of Controlled Substances Registration: R & D Systems, Inc.

ACTION: Notice of registration.

SUMMARY: R & D Systems, Inc., applied to be registered as an importer of certain basic classes of controlled substances. The DEA grants R & D Systems, Inc., registration as an importer of those controlled substances.

SUPPLEMENTARY INFORMATION: By notice dated May 28, 2014, and published in the **Federal Register** on June 4, 2014, FR 79 32318, R & D Systems, Inc., 614 McKinley Place NE., Minneapolis, Minnesota 55413, applied to be registered as an importer of certain basic classes of controlled substances. The Drug Enforcement Administration (DEA) has considered the factors in 21 U.S.C. 823, 952(a) and 958(a) and determined that the registration of R & D Systems, Inc., to import the basic classes of controlled substances is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971. The DEA investigated the company's maintenance of effective controls against diversion by: Inspecting and testing the company's physical security systems, verifying the company's compliance with state and local laws, and reviewing the company's background and history.

Therefore, pursuant to 21 U.S.C. 952(a) and 958(a), and in accordance
