

individual stocks for all types of orders, large and small.”²¹

Intramarket Competition. The Exchange believes that the use of a lower threshold to calculate Security CADV for DMM rebates and lowering the DMM providing requirements as a percent of the NYSE's total intraday adding liquidity in a month where NYSE CADV is equal to or greater than 5.5 billion shares, the proposed caps for calculating all Tape A SLP tiers and CADV for SLP credits for adding displayed and non-displayed liquidity to the Exchange in Tape B and C securities, and the proposed waiver of equipment and related service fees and the applicable monthly trading license fee for Trading Floor-based member organizations during April 2020 are designed to provide a degree of certainty to DMMs and SLPs adding liquidity to the Exchange during high volatility and to ease the financial burden on Trading Floor-based member organizations impacted by the temporary closing of the Trading Floor. As noted, the proposal would apply to all similarly situated member organizations on the same and equal terms, who would benefit from the changes on the same basis. Accordingly, the proposed change would not impose a disparate burden on competition among market participants on the Exchange.

Intermarket Competition. The Exchange operates in a highly competitive market in which market participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. As previously noted, the Exchange's market share of trading in Tape A, B and C securities combined is less than 13%. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with off-exchange venues. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange does not believe its proposed fee change can impose any burden on intermarket competition. The Exchange believes that the proposed rule change reflects this competitive environment because it modifies the Exchange's fees in a manner designed to provide a degree of certainty and ease the financial burdens of the current unsettled market environment, and permit affected member organizations to continue to conduct market-making operations on the Exchange and avoid unintended

costs of doing business on the Exchange while the Trading Floor is inoperative, which could make the Exchange a less competitive venue on which to trade as compared to other options exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)²² of the Act and subparagraph (f)(2) of Rule 19b-4²³ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. notice is hereby given that on April 6, 2020, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.37E to specify the Exchange’s source of data feeds from the Long-Term Stock Exchange, Inc. (“LTSE”) for purposes of order handling, order execution, order routing, and regulatory compliance. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the use of data feeds table in Rule 7.37E, which sets forth on a market-by-market basis the specific securities information processor (“SIP”) and proprietary data feeds that the Exchange utilizes for the handling, execution, and routing of orders, and for performing the regulatory compliance checks related to each of those functions. Specifically, the Exchange proposes to amend the table in Rule 7.37E(d) to specify that, for the LTSE, the Exchange will receive the SIP feed as its primary source of data for order handling, order execution, order routing, and regulatory compliance. The

Exchange will not have a secondary source for data from LTSE.

The Exchange proposes that this proposed rule change would be operative on the day that LTSE launches operations as an equities exchange, which is currently scheduled for May 15, 2020.⁴

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5),⁶ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes its proposal to amend the table in Rule 7.37E(d) to include the data feed source for the LTSE will ensure that Rule 7.37E correctly identifies and publicly states on a market-by-market basis all of the specific SIP and proprietary data feeds that the Exchange utilizes for the handling, execution, and routing of orders, and for performing the regulatory compliance checks for each of those functions. The proposed rule change also removes impediments to and perfects the mechanism of a free and open market and protects investors and the public interest by providing additional specificity, clarity, and transparency in the Exchange’s rules.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue, but rather would provide the public and market participants with up-to-date information about the data feeds the Exchange will use for the handling, execution, and routing of orders, as well as for regulatory compliance.

⁴ On March 25, 2020, LTSE announced that it would begin phasing in securities on its production system on May 15, 2020. See LTSE Market Announcement: MA–202–008, available here: <https://longtermstockexchange.com/static/MA-2020-008-dfec5067f88285a0f563a894451b1f22.pdf>.

⁶ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.⁹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁰ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–88595; File No. SR–NYSEAMER–2020–25]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify the NYSE American Options Fee Schedule

April 8, 2020.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on April 1, 2020, NYSE American LLC (“NYSE American” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE American Options Fee Schedule (“Fee Schedule”) to waive certain Floor-based fixed fees for the month of April 2020. The Exchange proposes to implement the fee change effective April 1, 2020. The proposed change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to modify the Fee Schedule to waive certain Floor-based fixed fees for the month of April 2020. The Exchange proposes to implement the fee change effective April 1, 2020.

On March 18, 2020, the Exchange announced that it would temporarily close the Trading Floor, effective Monday, March 23, 2020, as a precautionary measure to prevent the potential spread of COVID–19. Because the Trading Floor is temporarily unavailable, the Exchange proposes to waive for April 2020 certain Floor-based fixed fees. Specifically, for the month of April 2020, the Exchange proposes to waive fees associated with:

- Floor Access Fee;
- Floor Broker Handheld;
- Transport Charges;
- Floor Market Maker Podia;
- Booth Premises; and
- Wire Services.⁴

The Exchange notes that these fixed fees, which relate directly to Floor operations, are charged only to Floor participants and do not apply to participants that conduct business off-Floor. These fees are unrelated to trading volume and are charged for use of services made available to Floor participants on the Trading Floor. This proposed change is designed to reduce monthly costs for Floor participants while the Trading Floor is temporarily closed and Floor participants are unable to use the services associated with these fixed fees. The Exchange believes that this fee waiver would ease the financial burden and allow affected participants to reallocate funds to assist with the cost of shifting operations from on-Floor to off-Floor. Absent this change, such participants may experience an unintended increase in the cost of doing business on the Exchange.⁵

⁴ See proposed Fee Schedule, Section III.B, Monthly Trading Permit, Rights, Floor Access and Premium Product Fees, and IV. Monthly Floor Communication, Connectivity, Equipment and Booth or Podia Fees. The Exchange will re-evaluate the time limitations on this change (*i.e.*, whether it will need to apply to May) depending upon how long the Trading Floor remains temporarily closed and would file a separate proposed rule change if an extension is warranted.

⁵ The Exchange will refund participants of the Floor Broker Prepayment Program for any prepaid April 2020 fees that are waived. See proposed Fee Schedule, Section III.E (providing that “the Exchange will refund certain of the prepaid Eligible Fixed costs that were waived for April 2020, per Sections III.B and IV”).
