

patent. The determinations made in the final ID that were not reviewed became final determinations of the Commission by operation of rule. *See* 19 U.S.C. 210.42(h).

The Commission requested briefing on certain questions concerning the issues under review and requested written submissions on the issues of remedy, the public interest, and bonding from the parties and interested non-parties. 76 FR 52970–71 (August 24, 2011).

On August 30 and September 8, 2011, respectively, complainant Cross Match, respondents, and the IA each filed a brief and a reply brief on the issues for which the Commission requested written submissions.

Having reviewed the record in this investigation, including the final ID and the parties' written submissions, the Commission has determined to: (1) Modify-in-part the final ID and issue an Opinion supplementing the ID's analysis concerning its finding that the accused scanners infringe claim 19 of the '344 patent; and (2) affirm all other findings of the ID underlying the issue under review. Specifically, the Commission has determined that respondent Mentalix directly infringes claim 19 of the '344 patent, and that respondent Suprema indirectly infringes claim 19, via induced infringement, but does not infringe claim 19 via contributory infringement. These actions result in a finding of a violation of section 337 with respect to claim 19 of the '344 patent.

Further, the Commission has made its determination on the issues of remedy, the public interest, and bonding. The Commission has determined that the appropriate form of relief is both: (1) A limited exclusion order prohibiting the unlicensed entry of biometric scanning devices, components thereof, associated software, and products containing the same that infringe one or more of claims 10, 12, and 15 of the '993 patent and claim 19 of the '344 patent where the infringing scanning devices are manufactured abroad by or on behalf of, or are imported by or on behalf of, Suprema or Mentalix, or any of their affiliated companies, parents, subsidiaries, licensees, contractors, or other related business entities, or successors or assigns; and (2) a cease and desist order prohibiting Mentalix, Inc. from conducting any of the following activities in the United States: importing, selling, marketing, advertising, distributing, offering for sale, transferring (except for exportation), and soliciting U.S. agents or distributors for, biometric scanning devices, components thereof, associated

software, and products containing the same that infringe one or more of claims 10, 12, and 15 of the '993 patent and claim 19 of the '344 patent.

The Commission further determined that the public interest factors enumerated in sections 337(d)(1), (f)(1) (19 U.S.C. 1337(d)(1), (f)(1)) do not preclude issuance of the limited exclusion or cease and desist order. Finally, the Commission determined that a bond of 100 percent of the entered value of the covered products is required to permit temporary importation during the period of Presidential review (19 U.S.C. 1337(j)). The Commission's orders and opinion were delivered to the President and to the United States Trade Representative on the day of their issuance.

The Commission has terminated this investigation. The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.42, 210.45, and 210.50 of the Commission's Rules of Practice and Procedure (19 CFR 210.42, 210.45, 210.50).

By order of the Commission.

Issued: October 24, 2011.

James R. Holbein,

Secretary to the Commission.
