

China. They further agreed to administrative debarment under section 127.7(a) and (b)(2) of the ITAR on the basis of the aforementioned statement of facts and to waive all rights under Part 128 of the ITAR, including the provision for issuance of a charging letter and all rights to seek administrative or judicial consideration or review or otherwise to contest the validity of the Order of Debarment. The Directorate of Defense Trade Controls believes that the actions of Kam-Tech and Menashe support a finding of a violation of section 127 of the ITAR of such character that neither could be relied upon to comply with the ITAR in the future. Furthermore, as set forth above, such violation was established in accordance with part 128 of the ITAR.

As noted above, at the end of the three-year period, the above named persons will remain debarred unless licensing privileges are reinstated.

This notice is provided in order to make the public aware that the persons listed above are prohibited from participating directly or indirectly in any brokering activities and in any export from or temporary import into the United States of defense articles, related technical data, or defense services in all situations covered by the ITAR. Specific case information may be obtained from the Office of the Clerk for each respective U.S. District Court citing the court docket number where provided.

Exceptions may be made to this denial policy on a case-by-case basis at the discretion of the Directorate of Defense Trade Controls. However, such an exception would be granted only after a full review of all circumstances, paying particular attention to the following factors: Whether an exception is warranted by overriding U.S. foreign policy or national security interest; whether an exception would further law enforcement concerns that are consistent with the foreign policy or national security interests of the United States; or whether other compelling circumstances exist that are consistent with the foreign policy or national security interests of the United States, and do not conflict with law enforcement concerns.

This notice involves a foreign affairs function of the United States encompassed within the meaning of the military and foreign affairs exclusion of the Administrative Procedure Act. Because the exercise of this foreign affairs function is discretionary, it is excluded from review under the Administrative Procedure Act.
