Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 22, 2024 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number, and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: APHIS Pest Reporting and Asian Longhorned Beetle Program.

OMB Control Number: 0579–0311.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701, *et seq.*), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into, or their dissemination within, the United States. Plant health regulations promulgated by the United States Department of Agriculture under this authority specifically address control programs for a number of pests and diseases of concern, including Asian longhorned beetle, emerald ash borer beetle, and citrus greening, to name a few. The Animal and Plant Health Inspection Service (APHIS) will collect information using a Plant Protection and Quarantine pest reporting form and Asian longhorned beetle unified survey form, and other information collection activities.

Need and Use of the Information: APHIS relies on the public to report sightings of plant pests or suspicious signs of pest or disease damage they may see in their local area. This reporting will be done through online forms for reporting pests, and additional information collection activities such as cooperative agreements for inspection; compliance training workshops; contracts for inspection; homeowner releases or refusals to inspect; homeowner chemical treatment releases; letters of warning of litigation and warrant; litigations and warrants; homeowner releases for tree removal; removals and monitoring; contracts for treatment; removals and disposals; disposal and marshalling yard activities; and certificate or permit cancellation appeals.

Failing to collect this information could result in APHIS not receiving information about where infestations may exist, causing them to linger unreported and grow. Infestations of high-consequence pests or diseases, such as Asian longhorned beetle, emerald ash borer beetle, citrus greening, and others, could lead to significant economic damage to crops, forests, and landscapes.

Description of Respondents: Individuals; Business or other for-profit; State, Local, and Tribal Governments.

Number of Respondents: 16,308.

Frequency of Responses:

Recordkeeping: Reporting: On occasion.

Total Burden Hours: 85,999.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Citric Acid and Certain Citrate Salts From Belgium: Final Results of the Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On September 22, 2023, the U.S. Department of Commerce (Commerce) issued the preliminary results of the first full five-year sunset review of the antidumping duty (AD) order on citric acid and certain citrate salts (citric acid) from Belgium. We received no comment from interested parties in opposition to our preliminary results. As a result of our analysis, Commerce finds that revocation of the AD order on citric acid from Belgium would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable December 21, 2023.

FOR FURTHER INFORMATION CONTACT: Deborah Cohen, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4521.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2023, Commerce published the initiation of the sunset review of the AD order on citric acid from Belgium¹ in the **Federal Register** pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As Commerce received a substantive response from Citribel nv (Citribel),³ which claimed interested party status under section 771(9)(A) of the Act as a foreign producer and foreign exporter of citric acid, Commerce notified the U.S. International Trade Commission (ITC) that it would conduct a full sunset review of the Order pursuant to 19 CFR 351.218(e)(2).⁴

On September 22, 2023, Commerce published the *Preliminary Results*, finding that dumping was likely to

continue or recur if the *Order* were revoked, and determined to the report to the ITC rates up to 19.30 percent as the margin of dumping likely to prevail.⁵ We invited interested parties to comment on the *Preliminary Results*.⁶ We received a case brief from Archer Daniels Midland Company, Cargill, Incorporated, and Primary Products Ingredients Americas LLC (collectively, the domestic interested parties), which notes their agreement with the preliminary determination that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping, which they state was appropriately based on Commerce's finding that import volumes of the subject merchandise declined significantly after issuance of the *Order*.⁷

We received no further case or rebuttal briefs from interested parties; thus, the record reflects no opposition to the *Preliminary Results* nor presents substantive issues which require further consideration. Accordingly, the final results remain unchanged from the *Preliminary Results*.

Scope of the Order

The merchandise covered by this *Order* includes all grades and granulation sizes of citric acid, sodium citrate, and potassium citrate in their unblended forms, whether dry or in solution, and regardless of packaging type. For a full description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Order* would be likely to lead to continuation or recurrence of dumping at a weighted-average dumping margin up to 19.30 percent.

⁷ See Domestic Interested Parties' Letter, "Domestic Industry's Case Brief," dated October 23, 2023. The domestic interested parties note that, should the final results of the 2021–2022 administrative review of the *Order* be finalized prior to the instant sunset final results, the affirmative decision that revocation would likely lead to the continuance of dumping could be additionally supported with a finding that dumping continued after issuance of the *Order*. However, because the final results of the 2021–2022 administrative review have not yet been issued at the time of signature of this notice, we continue to decline to consider the unfinalized dumping margins of the ongoing 2021–2022 administrative review for the purposes of the instant determination.

As noted above, Commerce received no comments in opposition to its *Preliminary Results*. As a result, we have not modified our analysis, and no issues and decision memorandum accompanies this **Federal Register** notice. We are adopting the *Preliminary Results* as the final results.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This five-year sunset review and notice are in accordance with sections 751(c)(5)(A), 752(c), and 777(i) of the Act and 19 CFR 351.218(f)(3).

Dated: December 15, 2023.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Oil Country Tubular Goods From Ukraine: Final Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that oil country tubular goods (OCTG) from Ukraine were sold at prices below normal value during the period of review (POR) July 1, 2021, through June 30, 2022.

DATES: Applicable December 21, 2023.

FOR FURTHER INFORMATION CONTACT: Toni Page, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1398.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2023, Commerce published the *Preliminary Results* of this administrative review.¹ Interpipe,² the sole mandatory respondent, and the domestic interested party Vallourec Star, L.P. (Vallourec), each submitted comments on the *Preliminary Results*.³ For a description of the events since the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, see the Issues and Decision Memorandum.⁴ Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The products covered by the *Order* are OCTG from Ukraine. For a full description of the scope, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in Interpipe's case brief and Vallourec's letter in lieu of rebuttal brief are addressed in the Issues and Decision Memorandum. A list of these issues is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.
