

regulations that are subject to negotiated rulemaking under Section 106 of the Native American Housing Assistance and Self-Determination Act (NAHASDA) and will not serve in place of any future negotiated rulemaking committee established by HUD; and

(3) To advise in the development of HUD's AIAN housing priorities.

The role of the TIAC is to provide recommendations and input to HUD, and to provide a vehicle for regular, meaningful consultation and collaboration with Tribal officials. It will not replace other means of Tribal consultations, but, rather, will supplement them. HUD will maintain the responsibility to exercise program management, including the drafting of HUD notices, guidance documents, and regulations.

B. Charter and Protocols

The TIAC will develop its own ruling charter and protocols. HUD will provide staff support to the TIAC to act as a liaison between TIAC and HUD officials, manage meeting logistics, and provide general support for TIAC activities.

C. Meetings and Participation

Subject to availability of Federal funding, the TIAC will meet periodically to discuss agency policies and activities with HUD, set shared priorities, and facilitate further consultation with Tribal representatives. Initially, meetings will likely be conducted virtually, but may be in person in the future, and will be conducted consistent with any COVID-19 safety protocols. HUD will pay for these meetings, including the representative's cost to travel to these meetings. The TIAC may also agree to meet virtually outside of formal meetings, via conference calls, videoconferences, or through other forms of communication. Additional in-person meetings may be scheduled at HUD's discretion in the future. Participation at TIAC meetings will be limited to TIAC representatives or their alternates. Alternates must be designated in writing by the representative's Tribal government to officially act on their behalf. TIAC representatives may bring one technical advisor to the meeting at their expense. The technical advisor can advise the representative but cannot speak in the representative's place. Meeting summaries may be available on the HUD website.

D. TIAC Representation

The TIAC will be comprised of HUD representatives and Tribal

representatives from across the country, representing small, medium, and large tribes. The TIAC will be composed of HUD officials (including the Secretary or his or her designee, as well as the Assistant Secretaries for Office of Public and Indian Housing (PIH), Office of Policy, Development, and Research (PD&R), Office of Fair Housing and Equal Opportunity (FHEO), Office of Field Policy Management (FPM), Office of Housing (FHA), Government National Mortgage Association (Ginnie Mae), and Office of Community Planning and Development (CPD) or their designees) and up to fifteen Tribal representatives. Up to two Tribal representatives will represent each of the six HUD ONAP regions. Up to three remaining Tribal representatives will serve at-large. Generally, only elected officers of a tribal government acting in their official capacities or designated employees of tribal governments with authority to act on behalf of the tribal government may serve as TIAC representatives or alternates of the TIAC. Elected officials representing Alaska Native Corporations, or designated employees, may also serve on TIAC at HUD's discretion provided they demonstrate that they meet the criteria specified in the statutory exemption to the Federal Advisory Committee Act (FACA) found in the Unfunded Mandates Reform Act (UMRA) at 2 U.S.C. 1534(b). The Secretary of HUD will appoint the HUD representatives of the TIAC. TIAC Tribal representatives will serve a term of two years. To ensure consistency between Tribal terms, representatives will have a staggered term of appointment. In order to establish a staggered term of appointment, half of the Tribal representatives appointed in the inaugural year of the TIAC will serve two years and the other half will serve three years. Tribal representatives must designate their preference to serve two or three years; however, HUD will make the final determination on which Tribal representatives will serve two or three years. Once these Tribal representatives complete these initial terms, future Tribal representatives will serve terms that last two years. Should a representative's tenure as a Tribal leader come to an end during their appointment to the TIAC, the representative's Tribe will nominate a replacement, if not the already nominated alternate.

E. Function

The establishment of the TIAC is intended to enhance government-to-government relationships, communications, and mutual cooperation between HUD and Tribes. It

is not intended to, and will not, create any right to administrative or judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other persons.

Dominique Blom,

General Deputy Assistant, Secretary for Public and Indian Housing.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX21NB00TKY9000; OMB Control Number 1028-NEW]

Agency Information Collection Activities; Hunter Harvest and Satisfaction Surveys on Green Bay and Lake Michigan

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, we, the U.S. Geological Survey (USGS) are proposing approval of an existing collection in use without an OMB Control Number.

DATES: Interested persons are invited to submit comments on or before May 31, 2022.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to Dionne Duncan-Hughes, U.S. Geological Survey, Information Collections Officer, 12201 Sunrise Valley Drive MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028-NEW in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Luke Fara by email at lfara@usgs.gov or by telephone at (608) 781-6233. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork

Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct, or sponsor, nor are you required to respond to a collection of information, unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not this collection of information is necessary for the proper performance of the functions of the agency, including whether or not this information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: This collection seeks to gather information on harvest and satisfaction from waterfowl hunters on the open waters of Green Bay and Lake Michigan. From 2021 through 2025, the Wisconsin waterfowl hunting season will have a North, South, and a new area called the Open Water Zone. The Open Water Zone will be specific to the offshore, open waters of Lake Michigan and Green Bay. Specific regulations for this new zone, which starts 500 feet

offshore and extends to the Wisconsin-Michigan state boundary, can be modified during the five-year period and input from hunters will provide critical information to improve hunter satisfaction. The existing survey used to gather information on the season frameworks preferred by hunters under the 2016–2020 season structure cannot be applied to the Open Water Zone; thus, USGS plans to conduct both in-person and online surveys targeted toward open water hunters to gather their input on season frameworks. Surveys will also be used to inform managers on what, where, and how many species of waterfowl are harvested in this open water environment. Wisconsin waterfowl managers will use information collected from this survey to assist in developing season frameworks within this new zone and provide information on harvest composition.

Title of Collection: Hunter Harvest and Satisfaction Surveys on Green Bay and Lake Michigan.

OMB Control Number: 1028–NEW.

Form Number: None.

Type of Review: An existing collection without an OMB number.

Respondents/Affected Public: Waterfowl hunters that hunt the open waters of Green Bay and Lake Michigan.

Total Estimated Number of Annual Respondents: 200.

Total Estimated Number of Annual Responses: 600.

Estimated Completion Time per Response: 10 minutes on average.

Total Estimated Number of Annual Burden Hours: 100.

Respondents' Obligation: Voluntary.

Frequency of Collection: Occur each time they hunt the open waters of Green Bay and/or Lake Michigan.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct, or sponsor, nor is a person required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Luke Fara,
Biologist.
