

DEPARTMENT OF COMMERCE**International Trade Administration**

A-469-805

**Stainless Steel Bar from Spain:
Extension of Time Limit for Preliminary
Results of Antidumping Duty
Administrative Review**

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

EFFECTIVE DATE: February 6, 2007.

FOR FURTHER INFORMATION CONTACT:
Dmitry Vladimirov or Minoo Hatten,
AD/CVD Operations, Office 5, Import
Administration, International Trade
Administration, U.S. Department of
Commerce, 14th Street and Constitution
Avenue, NW, Washington, DC 20230;
telephone: (202) 482-0665 and (202)
482-1690, respectively.

SUPPLEMENTARY INFORMATION:**Background**

At the request of an interested party, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on stainless steel bar from Spain for the period March 1, 2005, through February 28, 2006. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 71 FR 25145 (April 28, 2006). On December 1, 2006, we published in the **Federal Register** a notice extending the due date for the completion of these preliminary results of review from December 1, 2006, to February 13, 2007. See *Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 69550 (December 1, 2006) (*Extension Notice*).¹

**Extension of Time Limit for Preliminary
Results of Antidumping Duty
Administrative Review.**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published.

¹ In the *Extension Notice* we stated inadvertently that we are extending the time period for issuing the preliminary results of this review to February 13, 2006. On December 15, 2006, we published in the **Federal Register** a correction notice announcing the extension of the due date for the completion of these preliminary results of review to February 13, 2007. See *Correction to Notice of Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 75503 (December 15, 2006).

If it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary determination to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of this review by the current deadline of February 13, 2007. We require additional time to analyze supplemental questionnaire responses with respect to a number of cost issues in this administrative review. Therefore, in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), we are extending the time period for issuing the preliminary results of this review to March 22, 2007.

This notice is published in accordance with sections 751(a)(3)(A) and 777 (i)(1) of the Act.

Dated: January 31, 2007.

Stephen J. Claeys,

*Deputy Assistant Secretary for Import
Administration.*

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric
Administration****Proposed Information Collection;
Comment Request; Natural Resource
Damage Assessment Restoration
Project Information Sheet**

AGENCY: National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 9, 2007.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be

directed to John Rapp, (225) 578-7924 or john.rapp@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

The Natural Resource Damage Assessment (NRDA) Restoration Project Information Sheet is designed to facilitate the collection of information on existing, planned, or proposed restoration projects. This information will be used by the Natural Resource Trustees to develop potential restoration alternatives for natural resource injuries and service losses requiring restoration during the restoration planning phase of the NRDA process.

II. Method of Collection

The Restoration Project Information Sheet can be submitted on paper through the mail or faxed, or can be submitted electronically via the Internet or e-mail.

III. Data

OMB Number: 0648-0497.

Form Number: None.

Type of Review: Regular submission.

Affected Public: State, local, or tribal governments; individuals or households; business or other for-profits organizations; not-for-profit institutions; farms; and the federal government.

Estimated Number of Respondents: 66.

Estimated Time Per Response: 20 minutes including the time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Estimated Total Annual Burden Hours: 55.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection;
