**ACTION:** Final rule.

**SUMMARY:** The National Aeronautics and Space Administration (NASA) has adopted as final, without change, an interim final rule regarding the policy and procedures for International Space Station crewmembers provided by NASA for flight to the International Space Station.

**SUPPLEMENTARY INFORMATION:****A. Background**

NASA published an interim final rule at 65 FR 80303 on December 21, 2000 to set forth policy and procedures with respect to International Space Station crewmembers provided by NASA for flight to the International Space Station. They apply to all persons so provided, including U.S. Government employees, uniformed members of the Armed Services, citizens who are not employees of the U.S. Government, and foreign nationals.

NASA received no comments on the interim final rule. Therefore, NASA has adopted the interim final rule as a final rule without change.

This rule is not a major Federal action as defined in Executive Order 12866.

**B. Regulatory Flexibility Act**

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because the administrative notification requirements of the rule are expected to affect less than 10 contracts per year.

**C. Paperwork Reduction Act**

The information collection requirements of the rule do not reach the threshold for requiring the Office of Management and Budget's approval under 44 U.S.C. 3501, et seq.

Such records are to allow for the identification of the immediate previous sources and the immediate subsequent recipients of food. Persons covered by the regulation who employ 500 or more full-time equivalent employees (FTEs) had to be in compliance by December 9, 2005, and those who employ 11 to 499 FTEs had to be in compliance by June 9, 2006. Persons who employ 10 or fewer FTEs have until December 11, 2006, to be in compliance. “Person” includes an individual, partnership, corporation, and association.
