After CPSC staff has reviewed and approved the final report, CPSC will release the report on the agency's website and through presentations at meetings and conferences related to the subject matter, in accordance with applicable laws and Commission policy.

B. Burden Hours

We estimate that the study will involve 3,050 respondents and take a total of 1,813 hours over the duration of the study. The monetized hourly cost is \$37.73, as defined by the average total hourly cost to employers for employee compensation for all civilian employees across all occupations as of March 2020, reported by the Bureau of Labor Statistics, Employer Costs for Employee Compensation. Accordingly, we estimate the total cost burden to be \$68,404 (1,813 hours × \$37.73 = \$68,404). The estimated cost to the federal government for the contract to design and conduct the study issued to the University of Michigan under contract number 61320618D0004 is \$1,134,502. The total estimated cost to the federal government is \$1,134,502 for the contract, plus \$170,356 in government labor costs, for a total of \$1,304,858.
