B. Need and Uses

This justification supports an extension of the expiration date of OMB Control No. 9000-0129. This clearance covers the information that contractors must submit to comply with the Federal Acquisition Regulation (FAR) clause at 52.230-6, Administration of Cost Accounting Standards. This FAR clause requires contractors performing Cost Accounting Standards (CAS) covered contracts to submit notifications and

descriptions of certain cost accounting practice changes, including revisions to their Disclosure Statements, if applicable. Often these descriptions are quite complex.

This information is used by contracting officers for ascertaining compliance with CAS.

SUPPLEMENTARY INFORMATION:

A. Purpose

The U.S. Government conducts criminal checks to establish that applicants or incumbents working for the Government under contract may have unescorted access to federally controlled facilities. GSA uses the Contractor Information Worksheet; GSA Form 850, and digitally captured fingerprints to conduct an FBI National Criminal Information Check (NCIC) for each contractor's physical access determination to GSA-controlled facilities and/or logical access to GSA-controlled information systems. Manual fingerprint card SF-87 is used for exception cases such as contractor's significant geographical distance from fingerprint enrollment sites.

The Office of Management and Budget (OMB) Guidance M-05-24 for Homeland Security Presidential Directive (HSPD) 12, authorizes Federal departments and agencies to ensure that contractors have limited/controlled access to facilities and information systems. GSA Directive CIO P 2181.1 Homeland Security Presidential Directive-12, Personal Identity

Verification and Credentialing (available at <http://www.gsa.gov/hspd12>), states that GSA contractors must undergo a minimum of an FBI National Criminal Information Check (NCIC) to receive unescorted physical access to GSA-controlled facilities and/or logical access to GSA-controlled information systems.

Contractors' Social Security Number is needed to keep records accurate, because other people may have the same name and birth date. Executive Order 9397, Numbering System for Federal Accounts Relating to Individual Persons, also allows Federal agencies to use this number to help identify individuals in agency records.

Description: 42 U.S.C. 612 (section 412 of the Social Security Act as amended by Pub. L. 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996), mandates that federally recognized Indian tribes with an approved Tribal TANF program collect and submit to the Secretary of the Department of Health and Human Services data on the recipients served by the tribes' programs. This information includes both aggregated and disaggregated data on case characteristics and individual characteristics. In addition, tribes that are subject to a penalty are allowed to provide reasonable cause justifications as to why a penalty should not be imposed or may develop and implement corrective compliance procedures to eliminate the source of the penalty. Finally, there is an annual report that requires the tribes to describe program characteristics. All of the above requirements are currently approved by OMB, and ACF is simply proposing to extend them without any changes.
