**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on June 29, 2018, based on a complaint filed on behalf of Bose Corporation (“Bose”) of Framingham, Massachusetts. 83 FR 30,776 (Jun. 29, 2018). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain earpiece devices and components thereof by reason of infringement of one or more claims of U.S. Patent Nos. 9,036,852 (“the ‘852 patent”); 9,036,853 (“the ‘853 patent”); 9,042,590 (“the ‘590 patent”); 8,249,287 (“the ‘287 patent”); 8,311,253 (“the ‘253 patent”); and 9,398,364 (“the ‘364 patent”). The notice of investigation named fourteen respondents. The Office of Unfair Import Investigations (“OUII”) was also named as a party in this investigation.

On February 8, 2019, Bose moved for summary determination of a violation of section 337. On March 22, 2019, OUII filed a response supporting Bose’s motion in substantial part and supporting the requested remedy of a general exclusion order (“GEO”).

On June 28, 2019, the presiding ALJ issued an initial determination (“ID”) (Order No. 16) granting in part Bose’s motion for summary determination of a violation of section 337 with respect to the ‘852, ‘853, ‘590, ‘287, and ‘253 patents by certain respondents who were in default or did not participate in the investigation.

On August 14, 2019, the Commission reviewed *inter alia* the economic prong of the domestic industry requirement with respect to the ‘364 patent and affirmed with modifications the ID’s finding of a violation of section 337 with respect to the ‘852, ‘853, ‘590, ‘287, and ‘253 patents. 84 FR 43159-161 (Aug. 20, 2019). The Commission also requested additional briefing from the parties on the issue under review and invited the parties, interested government agencies, and any other interested parties to file written submissions on the issues of remedy, the public interest, and bonding. *Id.* at 43160-161.

On October 31, 2019, the Commission issued a GEO, a limited exclusion order, and cease and desist orders with respect to certain claims of the asserted patents other than the ‘364 patent. 84 FR 59838-840 (Nov. 6, 2019). The GEO prohibits the unlicensed importation of certain

earpiece devices and components thereof that infringe claims 1 and 7 the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; and claims 1, 7, and 8 of the '287 patent. The Commission also imposed a bond in the amount of one hundred percent (100%) of the entered value of the imported articles during the period of Presidential review. The Commission remanded certain issues to the ALJ and thereafter the '364 patent was withdrawn from the investigation and the investigation was terminated in its entirety. 84 FR 72382–383 (Dec. 31, 2019).

On February 4, 2022, Fantasia, the importer of record, filed the subject request for an advisory opinion that Anker's Soundcore Liberty 2 Pro ("A3909"), Soundcore Liberty Neo ("A3911"), and Soundcore Life Dot 2 ("A3922") products (collectively, the "Anker Earphones") do not infringe claims 1 and 7 of the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; and claims 1, 7, and 8 of the '287 patent, and thus are not covered by the GEO issued in this investigation.

Having reviewed Fantasia's request in view of the record below, the Commission has determined to institute an advisory opinion proceeding under Commission Rule 210.79 to ascertain whether the Anker Earphones infringe claims 1 and 7 of the '852 patent; claims 1 and 8 of the '853 patent; claims 1 and 6 of the '590 patent; and claims 1, 7, and 8 of the '287 patent, and are covered by the GEO issued in this investigation. The Commission has further determined to refer the matter to the CALJ for assignment to an ALJ for appropriate proceedings and to issue an IAO at the earliest practicable time, preferably within 120 days of institution, but no later than 7 months after institution. The ALJ shall set a target date at two months following the date of issuance of the IAO. The target date may be extended for good cause shown. The following entities are named as parties to the proceeding: (1) Bose; and (2) Fantasia.

The Commission vote for this determination took place on March 8, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: March 8, 2022.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1237]

### **Certain Cloud-Connected Wood-Pellet Grills and Components Thereof; Commission Determination Not To Review a Final Initial Determination Finding a Violation of Section 337; Request for Written Submissions on Remedy, the Public Interest, and Bonding; and Extension of the Target Date for Completion of the Investigation**

**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission ("the Commission") has determined not to review a final initial determination ("ID") of the presiding former chief administrative law judge ("CALJ") finding a violation of section 337 by the accused products of respondent GMG Products LLC ("GMG"). The Commission requests written submissions from the parties, interested government agencies, and other interested persons on the issues of remedy, the public interest, and bonding, under the schedule set forth below. The Commission has also determined to extend the target date for completion of the investigation to May 12, 2022.

**FOR FURTHER INFORMATION CONTACT:** Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–2310. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205–1810.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on January 4, 2021, based on a

complaint filed on behalf of Traeger Pellet Grills LLC ("Traeger") of Salt Lake City, Utah. 86 FR 129–30 (Jan. 4, 2021). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"), based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain cloud-connected wood-pellet grills and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 10,218,833 ("the '833 patent") and 10,158,720 ("the '720 patent"). The Commission's notice of investigation named GMG of Lakeside, Oregon as the sole respondent. The Office of Unfair Import Investigations is not participating in the investigation.

The Commission previously found that Traeger has satisfied the economic prong of the domestic industry requirement with respect to the '833 and '720 patents. *See* Order No. 26 (Aug. 10, 2021), *unreviewed by Comm'n Notice* (Sept. 9, 2021).

On September 3, 2021, the former CALJ issued an ID (Order No. 28) granting in part GMG's motion for summary determination of non-infringement as to the '833 patent and terminating that patent from the investigation. *See* Order No. 28 (Sept. 3, 2021). On October 28, 2021, the Commission determined, on review, to affirm with modification the subject ID's finding of non-infringement. *See* Comm'n Notice (Oct. 28, 2021). Accordingly, the '833 patent was terminated from the investigation.

On December 6, 2021, the former CALJ issued the final ID finding a violation of section 337 based on infringement (*i.e.*, direct, contributory, and induced) of asserted claims 1 and 2 of the '720 patent. The ID further finds that: (1) Traeger has satisfied the technical prong of the domestic industry requirement; (2) GMG is estopped from challenging the validity of the '720 patent based on the prior art MAK and Fireboard systems; (3) the prior art MAK and Fireboard systems do not render the asserted claims of the '720 patent invalid due to anticipation under 35 U.S.C. 102(a) or obviousness under 35 U.S.C. 103; and (4) the '720 patent is not unenforceable due to inequitable conduct. The former CALJ recommended, should the Commission find a violation, the issuance of a limited exclusion order directed to GMG's infringing products and a cease and desist order directed to GMG, and requiring a bond in the amount of 53.1 percent of the entered value for
