SUPPLEMENTARY INFORMATION:

I. Discussion of the Supplementary Rule

This rule is needed to support the Decision Record for the Western Colorado Desert Routes of Travel Designation (WECO ROT) Plan. Stakeholders participated in the development of this plan and have had opportunity to provide comments on this supplementary rule through the development of the WECO ROT Plan. This rule is final upon publication and applies to public lands within: SBM, T.14S., R.11E., Secs. 22, 27 and 28.

II. Procedural Matters

Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights (Takings)

This rule does not represent a government action capable of interfering with Constitutionally-protected property rights. It is simply a ban on certain conduct that has implications to natural and cultural resource protection. Therefore, the Department of the Interior has determined that this rule will not cause a taking of private property or require further discussion of takings implications under this Executive Order.

Executive Order 13132, Federalism [Replaces Executive Orders 12612 and 13083.]

This rule will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. This rule does not come into conflict with any State law or regulation. Therefore, in accordance with Executive Order 13132, BLM has determined that this rule does not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the Office of the Solicitor has determined that this rule would not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of the Order.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments [Replaces Executive Order 13084]

In accordance with Executive Order 13175, we have found that this rule does not include policies that have tribal implications. None of the lands included in this rule affects Indian lands or Indian Rights. Coordination was conducted through preparation of the WECO ROT Plan with all affected tribes.

Paperwork Reduction Act

This rule does not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.* The information collection requirements contained in the proposed rule are exempt from the provisions of the Paperwork Reduction Act of 1995, 44 U.S.C. 3518(c)(1). Federal criminal investigations or prosecutions may result from this rule and are exempt from the Paperwork Reduction Act.

Authors

The principal author of this rule is Chief Ranger Robert Zimmer.
