BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Office of the Secretary

Department of Defense Task Force on the Future of Military Health Care

AGENCY: Office of the Assistant Secretary of Defense (Health Affairs); DoD.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Sunshine in the Government Act of 1976 (5 U.S.C. 552b, as amended) and 41 Code of Federal Regulations (CFR) § 102-3.140 through 160, the Department of Defense announces the following committee meeting:

Name of Committee: Department of Defense Task Force on the Future of Military Health Care, a duly established subcommittee of the Defense Health Board.

Date of Meeting: May 22, 2007.

Time of Meeting: 8:30 a.m. to 12 p.m.

Place of Meeting: National

Transportation Safety Board Conference Center, 429 L'Enfant Plaza, Washington, DC 20594.

Purpose of Meeting: To obtain, review, and evaluate information related to the Task Force's congressionally-directed mission to examine matters relating to the future of military health care. The Task Force members will receive briefings on topics related to the delivery of military health care during the public meeting.

Agenda: Discussion topic will be Disease Management issues related to the military healthcare system.

Prior to the public meeting the Task Force will conduct a Preparatory Work Meeting from 8 a.m.-8:25 a.m. to solely analyze relevant issues and facts in preparation for the Task Force's next public meeting. In addition, the Task Force, following its public meeting, will conduct an additional Preparatory Work Meeting from 12:10 p.m. to 2 p.m. to analyze relevant issues and facts in preparation for the Task Force's next public meeting. Both Preparatory Meetings will be held at the National Transportation Safety Board Conference Center, and pursuant to 41 Code of Federal Regulations, Part 102-3.160(a), both Preparatory Work Meetings are closed to the public.

Additional information and meeting registration is available online at the Task Force Web site: www.DoDfuturehealthcare.net.

FOR FURTHER INFORMATION CONTACT:

Colonel Christine Bader, Executive Secretary, Department of Defense Task Force on the Future of Military Health Care, TMA/Code: DHS, Five Skyline Place, Suite 810, 5111 Leesburg Pike, Falls Church, Virginia 22041-3206, (703) 681-3279, ext. 109 (christine.bader@ha.osd.mil).

SUPPLEMENTARY INFORMATION: Open sessions of the meeting will be limited by space accommodations. Any interested person may attend; however, seating is limited to the space available at the National Transportation Safety Board Conference Center. Individuals or organizations wishing to submit written comments for consideration by the Task Force should provide their comments in an electronic (PDF Format) document through the Task Force Web site (<http://www.DoDfuturehealthcare.net>) at the "Contact Us" page, no later than five (5) business days prior to the scheduled meeting.

Dated: May 8, 2007.

L.M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-M

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Availability of a Tiered Final Environmental Impact Statement Containing a Draft Air Quality General Conformity Determination for the Proposed Construction of a Dredged Material Containment Facility in the Patapsco River, at Masonville, Baltimore City, MD

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with requirements of the National Environmental Policy Act (NEPA), the U.S. Army Corps of Engineers (USACE), Baltimore District, has prepared a Final Environmental Impact Statement (FEIS) for the proposed construction of a dredged material containment facility (DMCF) by the Maryland Port Administration (MPA). This FEIS was prepared as part of the submission of MPA's application for a Department of the Army permit to construct the facility

in the Patapsco River, Baltimore City, MD. This application will be evaluated pursuant to Section 10 of the Rivers and Harbors Act of 1899 and Section 404 of the Clean Water Act.

The preferred alternative is for the construction of a stone, sand, and cofferdam structure that would impact approximately 131 acres of waters of the United States, including jurisdictional wetlands. The structure would be initially constructed to 10 feet above the mean lower low water (MLLW) elevation, with a future temporary elevation to 42 feet above MLLW, and an ultimate elevation of 36 feet above MLLW. The project would also include mechanical dredging of approximately 1.5 million cubic yards of overburden material within the footprint of the proposed disposal site, and the placement of this material at the Hart Miller Island disposal site, Baltimore County, MD. On-site (Masonville borrow) and offsite borrow material (Seagirt borrow material and upland borrow) would be used for the construction of the containment facility. The Seagirt borrow material would come from the Seagirt Marine Terminal Access Channel deepening and widening project. The Draft EIS was advertised in the **Federal Register** on May 19, 2006 (71 FR 29128). A supplement to the Draft EIS was advertised in the **Federal Register** on June 30, 2006 (71 FR 37545). The need to prepare a Supplement was due to the applicant's proposal to change the source of borrow material for the proposed construction of the preferred alternative to include the use of suitable material dredged from the Seagirt Marine Terminal Access Channels. The FEIS evaluates the construction of a DMCF with a footprint of 141 acres, which includes 131 acres of tidal open water and wetlands. The DMCF would be constructed to an initial height of 10 feet above MLLW and then raised to a height of 42 feet above MLLW before being graded to a final height of 36 feet MLLW, which would be the same height as the adjacent land. A detailed description of the proposed project and effects to the human environment are discussed in the FEIS for the Masonville DMCF. The FEIS outlines measures the applicant may implement to address impacts to air quality resulting from activities described in the permit application.

ADDRESSES: Please send written comments to the U.S. Army Corps of Engineers, Baltimore District, Attn: Mr. Jon Romeo, CENAB-OP-RMN, P.O. Box 1715, Baltimore, MD 21203-1715. You may submit electronic comments to
