AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

The **Federal Register** document indicated that written comments are due

DATES: NMFS has extended the public comment period published on February 23, 2015 (80 FR 9509) to April 9, 2015. NMFS must receive written comments and information on or before April 9, 2015.

SUPPLEMENTARY INFORMATION: Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

On February 23, 2015, NMFS published a **Federal Register** notice (80 FR 9509, February 23, 2015) announcing proposed issuance of regulations to Apache Alaska Corporation (Apache) to take marine mammals, by harassment incidental to conducting a seismic survey in Cook Inlet, Alaska March 1, 2015 through February 29, 2020. The

30-day public comment period for the **Federal Register** notice (80 FR 9509, February 23, 2015) ends on March 25, 2015.

This is the first time that NMFS has proposed to issue regulations for harassment incidental to a seismic survey in Cook Inlet, Alaska.

On March 2, 2015, the Natural Resource Defense Council requested an extension of the public comment period to aid in their review of the proposed rulemaking. NMFS has considered the request and will extend the comment period to April 9, 2015. This extension provides a total of 45 days for public input and continuing Federal agency reviews to inform NMFS' final decision to issue or deny the regulations.

NMFS refers the reader to the February 23, 2015, notice of proposed regulations (80 FR 9509, February 23, 2015) for background information concerning the proposed rulemaking as this notice does not repeat the information here.
