Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg

Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled.

The FMIA (21 U.S.C. 643) and the PPIA (21 U.S.C. 460(c)) prohibit any person, firm, or corporation from engaging in commerce as a meat or poultry products broker; renderer; animal food manufacturer; wholesaler of livestock or poultry carcasses or parts; or public warehouseman storing such articles in or for commerce; or from engaging in the business of buying, selling, or transporting in commerce, or importing any dead, dying, or disabled or diseased livestock or poultry or parts of the carcasses of livestock or poultry that died otherwise than by slaughter, unless they have registered its business with FSIS.¹ Parties required to register with FSIS must submit FSIS Form 5020–1, *Registration of Meat and Poultry Handlers*, with their name, the address of all locations at which they conduct the business that requires them to register, and all trade or business names under which they conduct these businesses. In addition, parties required to register with FSIS must do so within 90 days after they begin to engage in any of the businesses that require registration. They must also notify FSIS in writing when information on the form changes.

FSIS is requesting renewal of an approved information collection regarding business registration requirements. There are no changes to the existing information collection. The approval for this information collection will expire on June 30, 2025.

FSIS has made the following estimates based upon an information collection assessment:

Respondents: Meat and poultry handlers (*i.e.*, brokers, renderers, animal food manufacturers, wholesalers, public warehousemen, and firms handling dead, diseased, disabled, and dying animals).

Estimated Number of Respondents: 1,200.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 300 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection

assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250–3700; 202–720–5046.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS' functions, including whether the information will have practical utility; (b) the accuracy of FSIS' estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology.
