### Consultation

A detailed assessment of the human remains was made by the Huguenot Historical Society professional staff in consultation with representatives of the Delaware Nation, Oklahoma; Delaware Tribe of Indians; and the Stockbridge Munsee Community, Wisconsin (hereafter referred to as “The Tribes”).

### History and Description of the Remains

In 2005, human remains representing, at minimum, one individual were removed from Historic Huguenot Street in New Paltz, Ulster County, NY, by Jay Cohen of Cultural Resource Consulting as part of an excavation along the northern wall of the Jean Hasbrouck House. This work was done to comply with the New York State Environmental Quality Review Act. In 2021, the human remains were discovered by Huguenot Historical Society staff during a review of recently returned artifact collections. The human remains are comprised of five skeletal fragments. No known individual was identified. No associated funerary objects are present.

In the early 2000s, human remains representing, at minimum, one individual were removed from Historic Huguenot Street in New Paltz, Ulster County, NY, by Dr. Joe Diamond of State University of New York at New Paltz as part of an archeological field school. After a forensic anthropologist identified the remains as human, they were taken to local law enforcement and the fieldwork was halted. Subsequently, the human remains were given to a representative of the Huguenot Historical Society. In May of 2021, the human remains were discovered by Huguenot Historical Society staff during a review of the collection. No known individual was identified. No associated funerary objects are present.

Stockbridge Munsee Community Tribal Historic Preservation representatives reviewed the collection with Huguenot Historical Society staff in May of 2022 and related that, according to Lenape oral tradition, present-day New Paltz lay within the Tribe’s territory. The 1677 Huguenot-Lenape land agreement serves as further, documentary evidence of Lenape history in this location. The descendants of these earlier Lenape are The Tribes.

### Determinations Made by the Huguenot Historical Society

Officials of the Huguenot Historical Society have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of two individuals of Native American ancestry.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and The Tribes.

### Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Liselle LaFrance, President, Huguenot Historical Society, 88 Huguenot Street, New Paltz, NY 12561, telephone (845) 255-1660, email [liselle@huguenotstreet.org](mailto:liselle@huguenotstreet.org), by October 13, 2022. After that date, if no additional requestors have come forward, transfer of control of the human remains to The Tribes may proceed.

The Huguenot Historical Society is responsible for notifying The Tribes that this notice has been published.

Dated: September 1, 2022.
