NOAA's Office for Coastal Management will conduct an environmental analysis in accordance with the National Environmental Policy Act on the proposed approval of the Great Bay National Estuarine Research Reserve's revised management plan. The public is invited to provide comment or information about any potential environmental impacts of the proposed action, and these comments will be used to inform NOAA's decision on whether to approve the revised management plan.

Endangered and Threatened Species; Extension of Public Comment Period

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; extension of public comment period.

SUMMARY: NMFS hereby extends the comment period on the notice of initiation of 5-year reviews of 28 species of Pacific salmon and steelhead (*Oncorhynchus spp.*) listed under the Endangered Species Act of 1973, as amended (ESA).

DATES: Comments and new relevant information related to these 5-year reviews must be received by midnight on May 26, 2020.

ADDRESSES: You may submit information on this document, identified by NOAA-NMFS-2019-0097, by any of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal e-Rulemaking Portal www.regulations.gov. To submit

comments via the e-Rulemaking Portal, first click the "submit a comment" icon, then enter NOAA-NMFS-2019-0097 in the keyword search. Locate the document you wish to comment on from the resulting list and click on the "Submit a Comment" icon to the right of that line.

- **Mail or Hand-Delivery:** Address comments to Robert Markle, NMFS, West Coast Region, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232.

- **Instructions:** Comments must be submitted by one of the above methods to ensure that we can receive, document, and consider them. Comments sent by any other method, sent to any other address or individual, or received after the end of the comment period may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.) submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information, or otherwise sensitive or protected information. We request that all information be accompanied by: (1) Supporting documentation such as maps, bibliographic references, or reprints of pertinent publications; and (2) the submitter's name, address, and any association, institution, or business that the person represents. NMFS will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

Please note that submissions without supporting information—those merely stating support for or opposition to the action under consideration—will be noted but not used in making any listing determinations, as such comments do not represent actual scientific or commercial data.

FOR FURTHER INFORMATION CONTACT:

Robert Markle at the above address, by phone at (503) 230-5419, or by email at robert.markle@noaa.gov.

SUPPLEMENTARY INFORMATION: On October 4, 2019, we announced the initiation of 5-year reviews for 28 listed species of Pacific salmon and steelhead; see 84 FR 53117 for a complete list of the species under review as well as the relevant statutory provisions, policies and information under consideration. The original comment period was set to close on March 27, 2020.

However, we are now extending the comment period by 60 days to provide additional opportunity for public input.

Office of the Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement for the B-21 Main Operating Base 1 (MOB 1) Beddown at Dyess Air Force Base, Texas or Ellsworth Air Force Base, South Dakota—Cancellation of Public Scoping Meetings

AGENCY: Department of the Air Force, DoD.

ACTION: Amended notice of intent.

SUMMARY: The United States Air Force (Air Force) is issuing this amended and updated notice from the original notice published on March 6, 2020 (**Federal Register**, Vol. 85, No. 45, 13148) to advise the public of its continuing intent to prepare an Environmental Impact Statement (EIS) for the B-21 Main Operating Base 1 (MOB 1) Beddown at Dyess Air Force Base (AFB), Texas or Ellsworth AFB, South Dakota. As a direct result of the National Emergency declared by the President on Friday, March 13, 2020, in response to the coronavirus (COVID-19) pandemic in the United States and the Center for Disease Control's recommendations for social distancing and avoiding large public gatherings, the Air Force is now canceling six public scoping meetings between March 31, 2020 and April 9. In lieu of the public scoping meetings, the Air Force will use the alternative means set forth below to inform the public and stakeholders and to obtain input for scoping the proposed action.

ADDRESSES: Additional scoping-related information on the B-21 MOB 1 Beddown EIS environmental impact analysis process can be found on the project website at www.B21EIS.com. The project website can also be used to submit comments. In the alternative, interested persons may submit written comments by mail or email. For those who do not have ready access to a computer or the internet, the scoping-related materials posted to the website will be made available upon request by mail or phone. Inquiries, requests for scoping-related materials, and comments by mail regarding the Air Force proposal should be directed to either the Dyess AFB Public Affairs,

ATTN: B-21 EIS, 7 Lancer Loop, Suite 136, Dyess AFB, TX 79607; (325) 696-4820; 7bwpa@us.af.mil; or to Ellsworth AFB Public Affairs, ATTN: Steve Merrill, 28th Bomb Wing Public Affairs, 1958 Scott Dr., Suite 4, Ellsworth AFB, SD 57706; (605) 385-5056; 28bw.publicaffairs@us.af.mil.

Written scoping comments will be accepted at any time during the environmental impact analysis process up until the public release of the Draft EIS. However, to ensure the Air Force has sufficient time to consider public input in the preparation of the Draft EIS, scoping comments must be submitted to the website or postmarked to one of the addresses listed above by May 9, 2020.

SUPPLEMENTARY INFORMATION: The EIS will assess the potential environmental consequences of the proposal to beddown the Department of Defense's new bomber aircraft, the B-21 "Raider," which will eventually replace existing B-1 and B-2 bomber aircraft. The Air Force is preparing this EIS in accordance with the National Environmental Policy Act (NEPA) of 1969; 40 Code of Federal Regulations (CFR), Parts 1500-1508, the Council on Environmental Quality (CEQ) regulations implementing NEPA; and the Air Force's Environmental Impact Analysis Process (EIAP) as codified in 32 CFR part 989.

The beddown of the B-21 will take place through a series of three Main Operating Bases (MOB), referred to as MOB 1, MOB 2, and MOB 3. The Air Force proposes to beddown MOB 1, which includes two B-21 Operational Squadrons, a B-21 Formal Training Unit (FTU), and a Weapons Generation Facility (WGF) in this EIS. MOB 2 and MOB 3 beddown locations would be evaluated in future NEPA analyses, after the location for MOB 1 is chosen. The B-21 will operate under the direction of the Air Force Global Strike Command. The B-21 will have both conventional and nuclear roles and will be capable of penetrating and surviving in advanced air defense environments. It is projected to enter service in the 2020s, and the Air Force intends to have at least 100 B-21 aircraft built.

Purpose and Need for the Proposed Action: The purpose of the Proposed Action is to implement the goals of the National Defense Strategy by modernizing the U.S. bomber fleet capabilities. The B-21 Raider is being developed to carry conventional payloads and to support the nuclear triad by providing a visible and flexible nuclear deterrent capability that will assure allies and partners through the United States' commitment to

international treaties. The B-21 will provide the only stealth bomber capability and capacity needed to deter, and if necessary, defeat our adversaries in an era of renewed great power competition.

Description of the Proposed Action and Alternatives: The Air Force proposes to beddown MOB 1, which includes two B-21 Operational Squadrons, a B-21 Formal Training Unit (FTU), and a Weapons Generation Facility (WGF) in this EIS. MOB 1 will support training of crewmembers and personnel in the operation and maintenance of the B-21 aircraft in an appropriate geographic location that can provide sufficient airfield, facilities, infrastructure, and airspace to support the B-21 training and operations. The EIS will analyze Dyess AFB and Ellsworth AFB as basing alternatives for MOB 1 for the Proposed Action, as well as a No Action Alternative. The basing alternatives were developed to minimize mission impact, maximize facility reuse, minimize cost, and reduce overhead, as well as leverage the strengths of each base to optimize the B-21 beddown strategy.

Brief Summary of Expected Impacts: The potential impacts of the alternatives and the No Action Alternative that the EIS may examine include impacts to land use, airspace, safety, noise, hazardous materials and solid waste, physical resources (including earth and water resources), air quality, transportation, cultural resources, biological resources, socioeconomic, and environmental justice.

Scoping and Agency Coordination: The scoping process will be used to involve the public early in the planning and development of the EIS, to help identify issues to be addressed in the environmental analysis. To effectively define the full range of issues and concerns to be evaluated in the EIS, the Air Force is soliciting scoping comments from interested local, state, and federal agencies and interested members of the public.

As a direct result of the National Emergency declared by the President on Friday, March 13, 2020, in response to the coronavirus (COVID-19) pandemic in the United States and the Center for Disease Control's recommendations for social distancing and avoiding large public gatherings, the Air Force has canceled six public scoping meetings between March 31, 2020 and April 9.

This amended notice of intent will be published in the Rapid City Journal and Black Hills Pioneer newspapers in South Dakota, the Abilene Reporter News and The Wylie News newspapers in Texas, as well as the Native Sun

News, Indian Country Today and the Original Briefs tribal newspapers.

Request for Written Comments: The Air Force seeks written comments in the manner or methods listed in the ADDRESSES paragraph above on potential alternatives and impacts and identification of any relevant information, studies, or analyses of any kind concerning impacts affecting the quality of the human environment.

Adriane S. Paris,

Acting Air Force Federal Register Liaison Officer.
