Title: Aviation Security Infrastructure Fee (ASIF) Records Retention.

Type of Request: New collection.

OMB Control Number: Not yet assigned.

Forms(s): NA.

Affected Public: Air carriers and foreign air carriers that incurred costs for the screening of passengers and property in calendar year 2000.

Abstract: To help defray TSA's costs of providing civil aviation security services, and as authorized by 49 U.S.C. 44940, TSA published in the **Federal Register** on February 20, 2002, an interim final rule adding part 1511 to the Transportation Security Regulations, which imposed a fee known as the Aviation Security Infrastructure Fee (ASIF) on certain air carriers and foreign air carriers. See 67 FR 7926. The amount of ASIF collected by TSA from the carriers, both overall and per carrier, is based upon the carriers' aggregate and individual costs, respectively, for screening passengers and property in calendar year 2000. Under part 1511, carriers are required to retain any and all documents, records, or information related to the amount of the ASIF, including all information applicable to the carrier's calendar year 2000 security costs and information reasonably necessary for TSA to complete an audit. TSA is seeking a three-year OMB approval to require air carriers to retain the records that support carriers' cost submissions that were collected under control number 2110-0002.
