

Category of respondent	Number of respondents	Participation time (minutes)	Burden (hours)
Recruit/Screening call (assumes 20% qualify; are available and interested in participating in the focus group)	560	5	46.7
Participation in 90-minute group	72	90	108
Total Burden	154.7

Estimated Costs to Respondents:
\$2,484.00.

The only cost burdens respondents will incur are costs related to travel to and from the research location. The costs are minimal and are expected to be offset by the honorarium that will be provided to all research participants. NHTSA estimates that each of the focus group participants will travel less than 30-miles one-way to the focus group location. Using the IRS standard mileage rate of \$0.575 per mile,⁵ each respondent is expected to incur no more than \$34.50 in transportation costs. Therefore, NHTSA estimates that the total costs to all respondents will be \$2,484.00.

Public Comments Invited: The results of this research will be used to inform communications for the New Car Assessment Program, also known as the Government 5-Star Safety Ratings program. Comments are invited on (1) whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the Department's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
