AGENCY: Wage and Hour Division, Department of Labor.

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Wage and Hour Division is soliciting comments concerning its proposal to extend Office of Management and

SUPPLEMENTARY INFORMATION:

1. *Background:* The Wage and Hour Division (WHD) of the Department of Labor (Department) administers the Davis-Bacon Act (DBA) and Davis-Bacon Related Acts (DBRA), 40 U.S.C.

3141 *et seq.*, and the Contract Work Hours and Safety Standards Act (CWHSSA), 40 U.S.C. 3701 *et seq.* Regulations at 29 CFR part 5 prescribe labor standards for federally financed and federally assisted construction contracts subject to DBA, DBRA, and labor standards for all contracts subject to CWHSSA. The DBA and DBRA require payment of locally prevailing wages and fringe benefits, as determined by the Department, to laborers and mechanics on most federally financed or assisted construction projects. CWHSSA requires the payment of one and one-half times the basic rate of pay for hours worked over 40 in a week on most federal contracts involving the employment of laborers or mechanics. The requirements of this information collection consist of (1) reports of conformed classifications and wage rates, and (2) requests for approval of unfunded fringe benefit plans.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks an approval for the extension of this information collection in order to ensure effective administration of the DBA, DBRA, and CWHSSA.
