

of Decision. Second, if and when BLM acquires certain property, described as approximately 5,514 acres at Coast Dairies in Santa Cruz County, management decisions for this property will be outlined in a separate Record of Decision (ROD).

The Approved RMP expands the existing 43,357 acre Panoche-Coalinga Area of Critical Environmental Concern (ACEC) to include an additional 12,772 acres, and designates two new ACECs (21,980 acres) and one Research Natural Area (RNA) for a total of 78,109 acres of special designations, which is approximately 3 percent of the planning area. The new ACECs include all BLM public lands at the former Fort Ord and 7,327 acres of BLM public lands surrounding Joaquin Rocks. The Monverro Dunes RNA (1,173 acres) is contained within the Panoche-Coalinga ACEC expansion.

The following types of resource use limitations would generally apply to these ACECs: (1) Motorized travel would be limited to designated routes; (2) limits on land disposal; and (3) limits on new mineral development (mineral leasing, locatable minerals and wind energy) to protect unique cultural values and special status plants and animals. For detailed information, see Chapter 3 and Appendix D of the ROD for the Hollister RMP for the Southern Diablo Mountain Range and Central Coast of California.

The Governor of the State of California in his letter dated September 15, 2006 stated, "Pursuant to 43 CFR 1603-2, and after consulting with affected State and Local agencies, the Governor's Office of Planning and Research (OPR) has not found any inconsistencies with any state or local plans, policies, or programs with regards to this [Proposed] Resource Management Plan."

The decisions identifying designated routes of travel for motorized vehicles are implementation decisions and are appealable under 43 CFR Part 4. These decisions are contained on Figures 17-21 in Appendix A of the RMP. Any party adversely affected by the decisions identifying designated routes may appeal within 30 days of publication of this Notice of Availability. The appeal should state the specific route(s), as identified in Appendix A of the RMP, on which the decision is being appealed. The appeal must be filed with the Hollister Field Manager at the above listed address.

Please consult the appropriate regulations (43 CFR Part 4, Subpart E) for further appeal requirements. Before including your address, phone number, e-mail address, or other personal

identifying information in your appeal, you should be aware that your entire appeal—including your personal identifying information—may be made publicly available at any time. While you can ask us in your appeal to withhold your personal information from public review, we cannot guarantee that we will be able to do so.

Dated: July 26, 2007.
