Appendix I

Scope of the Investigation

The merchandise covered by this investigation is 2,4-dichlorophenoxyacetic acid (2,4-D) and its derivative products, including salt and ester forms of 2,4-D. 2,4-D has the Chemical Abstracts Service (CAS) registry number of 94-75-7 and the chemical formula $C_8H_6Cl_2O_3$.

Salt and ester forms of 2,4-D include 2,4-D sodium salt (CAS 2702-72-9), 2,4-D diethanolamine salt (CAS 5742-19-8), 2,4-D dimethyl amine salt (CAS 2008-39-1), 2,4-D isopropylamine salt (CAS 5742-17-6), 2,4-D tri-isopropanolamine salt (CAS 3234180-3), 2,4-D choline salt (CAS 1048373-72-3), 2,4-D butoxyethyl ester (CAS 1929-733), 2,4-D 2-ethylhexylester (CAS 1928-43-4), and 2,4-D isopropylester (CAS 94-11-1). All 2,4-D, as well as the salt and ester forms of 2,4-D, is covered by the scope irrespective of purity, particle size, or physical form.

The conversion of a 2,4-D salt or ester from 2,4-D acid, or the formulation of nonsubject merchandise with the subject 2,4-D, its salts, and its esters in the country of manufacture or in a third country does not remove the subject 2,4-D, its salts, or its esters from the scope. For any such formulations, only the 2,4-D, 2,4-D salt, and 2,4-D ester components of the mixture is covered by the scope of the investigation. Formulations of 2,4-D are products that are registered for end-use applications with the Environmental Protection Agency and contain a dispersion agent.

The country of origin of any 2,4-D derivative salt or ester is determined by the country in which the underlying 2,4-D acid is produced. 2,4-D, its salts, and its esters are classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 2918.99.2010. Subject merchandise, including the abovementioned formulations,

may also be classified under HTSUS subheadings 2922.12.0001, 2921.11.0000, 2921.19.6195, 2922.19.9690, 3808.93.0500, and 3808.93.1500. The HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes. The written description of the scope of the investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Background

On October 29, 2002, Commerce published the antidumping duty order on wire rod from Mexico in the **Federal**

Register.¹ On October 3, 2023, we published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On December 6, 2023, pursuant to section 751(a)(1) of the Tariff Act of 1930, as amended (the Act), Commerce initiated an administrative review of the *Order*³ on wire rod from Mexico covering the following nine exporters/producers: ArcelorMittal Mexico S.A. de C.V. (AMM); Comercializadora Elooro S.A. (Comercializadora Elooro); Deacero S.A. de C.V./Deacero S.A.P.I. de C.V. (Deacero); Deacero Summit S.A.P.I. de C.V. (Deacero Summit); Grupo Villacero S.A. de C.V. (Villacero); Ingeteknos Estructurales S.A. (Ingeteknos); TA 2000 S.A. de C.V. (TA 2000); Talleres y Aceros S.A. de C.V. (Talleres y Aceros); and Ternium Mexico S.A. de C.V. (Ternium). On June 7, 2024, we extended the preliminary results of this review to August 21, 2024.⁴ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.⁵ On August 9, 2024, we further extended the preliminary results of this review to November 6, 2024.⁶

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.⁷ A list of topics discussed in the Preliminary Decision Memorandum is attached as an appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Scope of the Order

The merchandise subject to the *Order* is wire rod, in coils.

A full description of the scope of the *Order* is contained in the Preliminary Decision Memorandum.

Partial Rescission of Review

As noted above, we initiated this review with respect to nine companies.⁸ During the course of the review, we selected two mandatory respondents.⁹ Thus, there are seven companies upon which this review was requested, and which were not selected for individual examination: (1) AMM; (2) Comercializadora Eloro; (3) Deacero Summit; (4) Villacero; (5) Ingeteknos; (6) Talleres y Aceros; and (7) Ternium.

Commerce received timely withdrawal requests within 90 days of the date of publication of the *Initiation Notice*, with respect to: AMM; Comercializadora Eloro; Villacero; and Ternium.¹⁰ As a result, Commerce is rescinding this review, in part, with respect to the four companies referenced above in accordance with 19 CFR 351.213(d)(1).

In addition, pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no reviewable suspended entries. Based on our analysis of the U.S. Customs and Border Protection (CBP) information, five companies listed in the *Initiation Notice* had no entries of subject merchandise during the POR, specifically: AMM; Comercializadora Eloro; Villacero; Ingeteknos; and Talleres y Aceros. On December 20, 2023, we notified parties of our intent to rescind this administrative review with respect to the above-referenced five companies that had no reviewable suspended entries during the POR.¹¹ On January 5, 2024, we received comments on our Intent to Rescind Memorandum from CMC/Nucor.¹² Furthermore, on August 30, 2024, we notified parties of our intent to rescind this administrative review with respect to Deacero

Summit.¹³ We did not receive comments regarding our intent to rescind the above-referenced entity.

After considering the comments received, and consistent with 19 CFR 351.213(d)(3), we are rescinding this review, in part, with respect to Ingeteknos and Deacero Summit, which both had no entries in the POR and for which withdrawal requests were not previously received from all parties requesting review.¹⁴ As explained above, in accordance with 19 CFR 351.213(d)(1), Commerce is also rescinding this review, in part, with respect to four companies which received timely withdrawal requests: AMM, Comercializadora Eloro; Villacero; and Ternium. As a result, we are rescinding this review, in part, with respect to a total of six companies, which are referenced above.¹⁵

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. Export price and constructed export price were calculated in accordance with section 772 of the Act. Normal value was calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following estimated weighted-average dumping margins exist for the POR:

Producer/exporter	Weighted-average dumping margin (percent)
TA 2000 S.A. de C.V. ¹⁶	18.09
Deacero S.A.P.I. de C.V.	13.46

Disclosure and Public Comment

Commerce intends to disclose the calculations performed in connection with these preliminary results to interested parties within five days after the date of publication of this notice, or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).¹⁷

Interested parties may submit case briefs no later than 30 days after the date of publication of this notice.¹⁸ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.¹⁹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and, (2) a table of authorities.²⁰

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their briefs that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.²¹ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. determined.²⁴ Parties should confirm by telephone the date, time, and location of the hearing no fewer than two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2), Commerce will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their case briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.²⁵ Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of the final results of this review in the **Federal Register**, in accordance with 19 CFR 356.8(a).

For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), we will calculate importer-specific *ad valorem* antidumping duty assessment rates based on the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).²⁶ If the respondent has not reported entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity

associated with those sales. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.50 percent).²⁷ Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by each respondent which did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate entries not reviewed at the all-others rate of 20.11 percent²⁸ if there is no rate for the intermediate company(ies) involved in the transaction.

For the companies for which the administrative review is rescinded, antidumping duties shall be assessed at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of wire rod from Mexico entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results, as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for the firms listed above will be equal to the dumping margins established in the final results of this review, except if the ultimate rates are *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rates will be zero; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered

in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 20.11 percent, the all-others rate established in the antidumping duty investigation.²⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(h)(2), and 19 CFR 351.221(b)(4).

Dated: November 6, 2024.

Deputy Assistant Secretary for Enforcement and Compliance.
