SUPPLEMENTARY INFORMATION: The Board currently collects information from those seeking licensing authority under OMB Control Number 2140–0023 and, under that collection, requires the disclosure of information about rail interchange commitments, which is also addressed under OMB Control Number 2140–0016. This request proposes to combine collections under Control Numbers 2140–0016 and 2140–0023 with 2140–0023 being the survivor. The Board will request to discontinue Control Number 2140–0016 upon OMB approval of the merger.

For each collection, comments are requested concerning: (1) The accuracy of the Board's burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility. Submitted comments will be summarized and included in the Board's request for OMB approval.

Needs and Uses: As mandated by Congress, persons seeking to construct, acquire or operate a line of railroad and railroads seeking to abandon or to discontinue operations over a line of railroad or, in the case of two or more railroads, to consolidate their interests through merger or a common-control arrangement are required to file an application for prior approval and authority with the Board. Under 49 U.S.C. 10502, persons may seek an exemption from many of the application requirements of sections 10901–03 and 11323–26 by filing with the Board a petition for exemption or notice of exemption in lieu of an application. The collection by the Board of these applications, petitions, and notices (including collection of disclosures of rail interchange commitments under 49 CFR 1121.3(d), 1150.33(h), 1150.43(h), and 1180.4(g)(4)) enables the Board to meet its statutory duty to regulate the referenced rail transactions.

Description of Collection 2

Title: Disclosure of Rail Interchange Commitments.

OMB Control Number: 2140–0016.

STB Form Number: None.

Type of Review: Merger.

Respondents: Noncarriers and carriers seeking an exemption to acquire (through purchase or lease) or to operate a rail line, if the proposed transaction would create an interchange commitment.

Estimated Time per Response: Eight hours.

Frequency: On occasion.

Total Burden Hours (annually including all respondents): 32 hours.

Total “Non-hour Burden” Cost: None identified. Filings may be submitted electronically to the Board.

These transactions may create agreements with interchange commitments. If the interchange commitments limit the future interchange of traffic with third parties, then certain information must be disclosed to the Board about those commitments. 49 CFR 1121.3(d), 1150.33(h), 1150.43(h), 1180.4(g)(4). The collection of this information facilitates the case-specific review of interchange commitments and enables the Board's monitoring of their usage generally.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Section 3507(b) of the PRA requires, concurrent with an agency's submitting a collection to OMB for approval, a 30-day notice and comment period through publication in the **Federal Register** concerning each proposed collection of information.
