

Primary Purpose of Filing

The sections of the Policies entitled "Counting Devices and User IDs" and "Professional Subscriber's Responsibility to Verify Invoices" are applicable to device-based fees that a third party payor has agreed to pay, and OPRA is proposing to add an express statement to this effect to the Policies.

The section of the Policies entitled "Counting Devices and User IDs" states a longstanding OPRA policy that OPRA does not require a Professional Subscriber that pays device-based fees directly to OPRA to pay more than one fee with respect to any device or User ID that is enabled to receive OPRA information, even if the device or User ID is enabled to receive OPRA information from more than one source or "service." OPRA proposes to amend this section to state more explicitly that OPRA applies this policy on a "payor by payor" basis. For example, if a particular device is receiving data from one service that is being paid for by the Professional Subscriber and a second service that is being paid for by a third party payor, OPRA requires that the Professional Subscriber pay a device-based fee for the device and that the third party payor also pay a device-based fee for the device.

Secondary Purpose of Filing

OPRA is also proposing to amend a paragraph in the Policies that describes how a Professional Subscriber may count its devices and User IDs to state explicitly that the paragraph is relevant only to those Professional Subscribers that have been authorized to enable their own devices and User IDs to receive OPRA information. OPRA authorizes Professional Subscribers to enable their own devices and User IDs pursuant to OPRA's form "Indirect (Vendor Pass-Through) Circuit Connection Rider" or form "Direct Circuit Connection Rider." The "enablement" process is controlled, for all other Professional Subscribers, by the Vendors providing service to these Subscribers, and for these Subscribers, the Vendors report this information to OPRA and this paragraph in the Policies is not relevant. OPRA is also proposing to make a few additional self-explanatory changes in the language of the Policies.

The text of the proposed amendment to the OPRA Plan is available at OPRA, the Commission's Public Reference Room, and <http://opradata.com>.

II. Implementation of the OPRA Plan Amendment

Pursuant to paragraph to (b)(3)(iii) of Rule 608 under the Act,⁷ OPRA designated this amendment as one involving solely technical or ministerial matters thereby qualifying the amendment for effectiveness upon filing. OPRA states that it will implement the revised form of the Policies upon filing with the Commission.

The Commission may summarily abrogate the amendment within sixty days of its filing and require refiling and approval of the amendment by Commission order pursuant to Rule 608(b)(2) under the Act⁸ if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system, or otherwise in furtherance of the purposes of the Act.
