

about which entity will be the acquirer, including, for example, the desire to maintain the acquirer's SEC registration and concerns about how to present the combined entity to the market. As such, it is much more likely that the listing fee implications of how the transaction is structured would be a major consideration for the parties to a SPAC business combination than would be the case in a merger between two operating companies. As the implications of the proposed fee waivers for decisions relating to the transaction structures utilized by unlisted companies listing in connection with the acquisition of a SPAC are typically greater than for other companies listing in conjunction with merger transactions, the proposed waivers are not unfairly discriminatory.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange's statement regarding the burden on competition.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition

The proposed waiver will be available to all similarly situated issuers on the same basis. The Exchange does not believe that the proposed waivers will have any meaningful effect on the competition among issuers listed on the Exchange.

Intermarket Competition

The Exchange operates in a highly competitive market in which issuers can readily choose to list new securities on other exchanges and transfer listings to other exchanges if they deem fee levels at those other venues to be more favorable. Because competitors are free to modify their own fees in response, and because issuers may change their listing venue, the Exchange does not believe its proposed fee change can impose any burden on intermarket competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁸ of the Act and subparagraph (f)(2) of Rule 19b-4⁹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁰ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

A request for voting instructions and, as to matters which may be voted without instructions under Rule 452, a statement to the effect that, if such instructions are not received by the tenth day before the meeting, the proxy may be given at discretion by the owner of record of the stock; provided, however, that such statement may be made only when the proxy soliciting material is transmitted to the beneficial owner of the stock or to the beneficial owner's designated investment adviser, at least fifteen days before the meeting.
