Thomas Warnock, Program Specialist, Technological Hazards Division, National Preparedness Directorate, 703-605-1207 for additional information. You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: The Chemical Stockpile Emergency Preparedness Program (CSEPP) is one facet of the multi-hazard readiness program in eight States that deal with hazardous material spills or releases. The program's goal is to improve preparedness to protect the people of these communities in the unlikely event of an accident. CSEPP, a cooperative effort between FEMA and the U.S.

Army, provides funding (grants), training, community outreach, guidance, technical support and expertise to State, local, and Tribal governments to improve their capabilities to prepare for and respond to this type of disaster. Since no preparedness program can be successful without the public's understanding and cooperation, input from the residents and businesses of immediate and/or surrounding areas is vital for program managers' ability to design custom-tailored strategies to educate and communicate risks and action plans at the local level. This survey, which was initiated six years ago, will continue as the assessment mechanism to document and quantify program achievements. There are two authorities supporting this information collection: (1) The Government Performance Results Act of 1993, which mandates Federal agencies to provide valid and reliable quantification of program achievements, and (2) Executive Order 12862, which requires agencies to survey customers to determine their level of satisfaction with existing services.

Collection of Information

Title: Chemical Stockpile Emergency Preparedness Program (CSEPP) Evaluation and Customer Satisfaction Survey.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0057.

Form Titles and Numbers: FEMA Form 008-0-3, Pueblo EPZ Residential Survey; FEMA Form 008-0-4, Pueblo City Residential Survey; FEMA Form 008-0-5, Pueblo EPZ Business Survey; FEMA Form 008-0-6, Umatilla EPZ Residential Survey; FEMA Form 008-0-7, Blue Grass EPZ Residential Survey; FEMA Form 008-0-8, Deseret EPZ Residential Survey.

Abstract: To support the development of public outreach and education efforts that will improve the emergency preparedness, DHS/FEMA's Chemical Stockpile Emergency Preparedness Program (CSEPP) will collect data from the citizens living in the Immediate Response Zones (IRZ) and Protective Action Zones (PAZ) surrounding stockpile sites. Program managers use survey data findings to evaluate public awareness of protective actions at CSEPP sites, and identify outreach

weaknesses and strengths to develop effective outreach and education campaigns. Results from this information collection are shared with State, local, Tribal, and other FEMA officials for subsequent action plans

addressing program-wide and stockpile site-specific issues. Results are also shared with other Federal agencies that lend expertise in specific areas of the program.
