

amendments would also exempt incandescent bulbs that fail to meet federal energy efficiency standards by 2013 (e.g., 75 watt bulbs) from those requirements. The Commission invites comment and information on these issues.

#### *E. Duplicative, Overlapping, or Conflicting Federal Rules*

The Commission has not identified any other federal statutes, rules, or policies that would duplicate, overlap, or conflict with the proposed rule. The Commission invites comment and information on this issue.

#### *F. Significant Alternatives to the Proposed Rule*

The Commission seeks comment and information on the need, if any, for alternative compliance methods that, consistent with the statutory requirements, would reduce the economic impact of the rule on small entities. For example, in proposing to extend the effective date for the new labeling requirements and to exempt certain bulbs from those requirements, the Commission is currently unaware of the need to adopt any special provision for small entities to be able to take advantage of the proposed extension or exemption, where applicable. The Commission, as previously explained, expects that the proposed amendments will postpone or reduce, rather than increase, the economic impact of the rule's requirements for all entities, including small entities. Nonetheless, if the comments filed in response to this notice identify small entities that are affected by the rule, as well as alternative methods of compliance that would reduce the economic impact of the rule on such entities, the Commission will consider the feasibility of such alternatives and determine whether they should be incorporated into the final rule.

#### **VI. Communications by Outside Parties to the Commissioners or Their Advisors**

Written communications and summaries or transcripts of oral communications respecting the merits of this proceeding, from any outside party to any Commissioner or Commissioner's advisor, will be placed on the public record. See 16 CFR 1.26(b)(5).

#### **VII. Final Rule**

##### **List of Subjects in 16 CFR Part 305**

For the reasons discussed above, the Commission proposes to change the effective date of FR Doc 2010-16895 published on July 19, 2010 (75 FR 41696) to January 1, 2012 and to further amend part 305 of title 16, Code of Federal Regulations, as follows:

**SUPPLEMENTARY INFORMATION:** In Notice No. 109 published in the **Federal Register** (75 FR 67669) on Wednesday, November 3, 2010, the Alcohol and Tobacco Tax and Trade Bureau announced that it is considering amending the regulations concerning various winemaking terms commonly used on labels and in advertisements to provide consumers with information

about the growing or bottling conditions of wine. In that notice, TTB invited comments from industry members, consumers, and other interested parties as to whether and to what extent it should propose specific regulatory amendments for further public comment. TTB requested such comments on or before January 3, 2011.

TTB received a letter dated December 14, 2010, from attorney Richard Mendelson on behalf of the Napa Valley Vintners (NVV), a trade association representing nearly 400 wineries Napa Valley, California. The letter noted that NVV has formed a sub-committee to research and poll the NVV's members regarding the issues raised in Notice No. 109. The letter stated that the sub-committee's work would ultimately be reviewed by the NVV's Board of Directors, which only meets once a month. The letter therefore requested a 90-day extension of the comment period for Notice No. 109 in order to allow time for NVV to fully consider its response to the notice.

In response to this request, TTB extends the comment period for Notice No. 109 an additional 60 days, which TTB believes provides adequate time to comment on the issues raised in Notice No. 109. Therefore, comments on Notice No. 109 are now due on or before March 4, 2011.

#### SUPPLEMENTARY INFORMATION:

In Notice No. 111 published in the **Federal Register** (75 FR 67669) on Wednesday, November 3, 2010, TTB proposed to revise its regulations to require the disclosure of the presence of cochineal extract and carmine on the labels of any alcohol beverage product containing one or both of these color

additives. This proposed rule responded to a recent final rule issued by the Food and Drug Administration as well as reports of severe allergic reaction, including anaphylaxis, to cochineal extract and carmine-containing foods. This proposal would allow consumers who are allergic to cochineal extract or carmine to identify and thus avoid alcohol beverage products that contain these color additives. TTB requested comments on the proposal on or before January 3, 2011.

TTB received a letter dated December 17, 2010, from attorney Lynne J. Omlie on behalf of the Distilled Spirits Council of the United States, Inc. (DISCUS), a national trade association that represents producers and marketers of distilled spirits and importers of wines sold in the United States. The letter explained that because DISCUS is in the process of collecting information from domestic and foreign companies, regarding alcohol beverage products that may be impacted by the Notice No. 111 proposal, the organization would be unable to meet the original January 3, 2011, comment deadline prescribed in Notice No. 111. The letter therefore requested a 60-day extension of the comment period for Notice No. 111 to allow DISCUS the necessary time to collect and review this data and provide a comment that addresses the issues raised in the proposal.

In response to this request TTB extends the comment period for Notice No. 111 an additional 60 days. Therefore, the comments on Notice No. 111 are now due on or before March 4, 2011.
