As part of this tasking, Title 46 United States Code (U.S.C.) 11301—11303 and supporting regulations require most merchant vessels to maintain an Official Logbook. The Official Logbook provides the vehicle through which any statutory and regulatory record keeping requirements are maintained.

For vessels not required to maintain and Official Logbook, it is accepted industry practice for shipping companies to require their vessels to maintain log books. Entries in these logs usually document chronological records of the operation of the vessels and events that occur in the ordinary course of business.
