To count as leveraged funds for purposes of the selection criteria, a commitment of funds must be provided with the pre-application. Points will be awarded in accordance with the following table using rounding to the nearest whole number.

Percentage points	
75% or more leveraged funds	20
60–74% leveraged funds	18
50–59% leveraged funds	16
40–49% leveraged funds	12
30–39% leveraged funds	10
20–29% leveraged funds	8
10–19% leveraged funds	5
0–9% leveraged funds	0

Donated land in proposals with less than ten percent total leveraged assistance: Two points.

(b) Percent of units for seasonal, temporary, migrant housing.

(1) Five points for up to and including 50 percent of the units; and

(2) 10 points for 51 percent or more units used for seasonal, temporary, or migrant housing.

(c) The selection criteria include one optional criterion set by the National Office. For FY 2009, the National Office selection criterion is as follows: (1) Up to 10 points will be awarded based on the presence of and extent to which a tenant services plan exists that clearly outlines services that will be provided to the residents of the proposed project. These services may include, but are not limited to, transportation related services, on-site English as a Second Language (ESL) classes, move-in funds, emergency assistance funds, homeownership counseling, food pantries, after school tutoring, and computer learning centers. (2) Two points will be awarded for each resident service included in the tenant services plan up to a maximum of 10 points. Plans must detail how the services are to be administered, who will administer them, and where they will be administered. All tenant service plans must include letters of intent that clearly state the service that will be provided at the project for the benefit of the residents from any party administering each service, including the applicant.

(2) Rural Development State Offices will conduct the preliminary eligibility review, score the pre-applications, and forward them to the National Office.

(3) The National Office will rank all pre-applications nationwide and

distribute funds to States in rank order, within funding and RA limits. A lottery in accordance with 7 CFR 3560.56(c)(2) will be used for applications with tied point scores when they all cannot be funded. If insufficient funds or RA remain for the next ranked proposal, that applicant will be given a chance to modify their pre-application to bring it within remaining funding levels. This will be repeated for each next ranked eligible proposal until an award can be made or the list is exhausted. Rural Development will notify all applicants on whether their applications have been accepted or rejected.

VI. Award Administration Information

1. Award Notices

Loan applicants must submit their initial applications by the due date specified in this notice. State Offices will review applications and provide a list to the National Office. Once the applications have been scored and ranked by the National Office the National Office, will advise States Offices of the proposals selected for further processing. State Offices will respond to applicants by letter. If the application is not accepted for further processing, the applicant will be notified of appeal rights under 7 CFR part 11.

2. Administrative and National Policy

All Farm Labor Housing loans and grant made pursuant to a contract entered into on or after the effective date of 7 CFR part 3560 are subject to the restrictive-use provisions contained in 7 CFR 3560.72(a)(2).

3. Reporting

Borrowers must maintain separate financial records for the operation and maintenance of the project and the service component. Funds allocated to the operation and maintenance of the project may not be used to supplement the cost of services, nor may service component funds be used to supplement the project operation and maintenance. Detailed financial reports on the service component will not be required unless specifically requested by Rural Development, and then only to the extent necessary for Rural Development and the borrower to discuss the affordability (and competitiveness) of the service component by the tenant.

The project audit, or verification of accounts on Form RD 3560–10, “Borrower Balance Sheet”, together with an accompanying Form RD 3560–7 “Multiple Family Housing Project Budget/Utility Allowance” showing

actuals, must allocate revenue and expense between project operations and the service component.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Marine Recreational Fisheries Statistics Survey.

OMB Control Number: 0648–0052.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 2,175 (new); 46,920 (current plus new).

Number of Respondents: 16,630 (new); 741,305 (current plus new).

Average Hours per Response: Pretest, 30 minutes; fishing effort screening

survey, 4 minutes; saltwater angler fishing diary, 30 minutes.

Needs and Uses: This requested revision will address the National Research Council's (NRC) concerns regarding potential telephone coverage error by testing the effectiveness of mail screening surveys for contacting anglers and collecting recreational fishing data. Like current telephone surveys, mail surveys will target licensed anglers (state license databases), as well as random households within coastal states (United States Post Office (USPS), Delivery Sequence File (DSF)). It is expected that mail survey frames will provide more complete coverage of angling populations than telephone survey frames because anglers are required to provide an address and/or present a valid driver's license when purchasing a saltwater fishing license, and the DSF can provide a complete frame of residential addresses within the United States. The proposed mail survey will run concurrently with ongoing telephone surveys for benchmarking purposes, as well as to allow direct comparisons between the two methodologies.

The NRC also identified potential problems with on-site surveys, which collect catch information at the conclusion of recreational fishing trips. Generally, these surveys are conducted by trained interviewers at publicly accessible fishing sites such as public piers, beaches, marinas and boat ramps. Because the coverage of onsite surveys is limited to public-access sites, estimates of total catch rely on assumptions about the behavior and success of anglers who access the water from private-access sites such as private residences, community beaches, marinas and docks, and private yacht clubs.

To address these additional concerns, respondents to the effort survey/screener questionnaire will be sent a survey packet for the angler diary survey. Combining the two objectives into a single data collection effort will help minimize respondent burden.

The collection of these data is necessary to fulfill statutory requirements of section 303 of the *Magnuson-Stevens Fishery Conservation and Management Act* (16 U.S.C. 1853 *et seq.*) as amended (MSA) and to comply with *Executive Order 12962* on Recreational Fisheries. Section 303(a) of the MSA specifies data and analyses to be included in Fishery Management Plans (FMP), as well as pertinent data that shall be submitted to the Secretary of Commerce under the plan.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.
OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: May 18, 2009.

Permit 1134 - 5M

The Columbia River Inter-Tribal Fish Commission (CRITFC) is seeking to modify Permit 1134, under which they have been conducting research for more than ten years. The original permit was in place for five years (63 FR 30199) with one amendment (67 FR 43909); it expired on December 31, 2002. The next permit was also in place for five years expiring on December 31, 2007; it was renewed in 2008. The CRITFC is now asking to modify the permit to increase listed species take particularly for SR fall Chinook salmon. The permit would continue covering five study projects that, among them, would annually take adult and juvenile threatened SR fall Chinook salmon; adult and juvenile threatened SR spring/summer Chinook salmon; and adult and juvenile threatened SR steelhead in the Snake River basin. There have been some changes in the research over the last ten
