Food and Nutrition Service

Title: SNAP, FNS Form 388 and 388A, State Issuance and Participation Estimates.

OMB Control Number: 0584-0081.

Summary of Collection: Section 18(b) of the Food Stamp Act of 1977, as amended August 14, 1979 by Public Law 96-58, requires that "In any fiscal year, the Secretary shall limit the value of those allotments issued to an amount not in excess of the appropriation for such fiscal year." Timely State monthly issuance estimates are necessary for the Food and Nutrition Service (FNS) to ensure that it remains within the appropriation and will have a direct effect upon the manner in which allotments would be reduced when necessary. FNS uses the FNS-388 report to obtain monthly statewide estimated or actual issuance and participation data for the current and previous months, and the actual participation data for the second preceding month. For the report months of January and July, the participation data must be categorized as non-assistance (NA) and public assistance (PA) and provided for each project areas. This NA and PA participation data is captured on the FNS-388A.

Need and Use of the Information: The FNS-388 and FNS-388A reports provide the necessary data for an early warning system to enable the Department to fulfill the requirements of Section 18(b) of the Food Stamp Act. In addition, the data is used to (1) validate the Annual Food Stamp Household Characteristic Survey; (2) to compile a Statistical Summary Report which is used for special studies and in response to Congressional and other inquiries; and (3) to compare against the reconciliation points' FNS-46 issuance data (for electronic benefit transfer (EBT), cash-out, and alternative Issuance) for indication of accountability problems. FNS has also used the project area data to determine where to demonstrate pilot projects such as a test of school-based SNAP outreach initiatives.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 53.

Frequency of Responses: Recordkeeping; Reporting: Monthly.

Total Burden Hours: 5,243.

SUPPLEMENTARY INFORMATION:

Title: Customer Service Survey for USDA-Donated Food Products.

OMB Number: 0581-0182.

Expiration Date, as approved by OMB: 11/30/2010.

Type of Request: Extension of a currently approved information collection.

Abstract: Starting with a 1996 pilot project by AMS, customers have been able to use the Customer Opinion Postcard, Form AMS-11, to voluntarily submit their comments concerning poultry, livestock, fruit, and vegetable products procured by USDA for the school lunch program that is authorized by the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 *et seq.*) and other domestic food assistance programs. These cards have proven to be a quick and inexpensive way for AMS to get customer opinions and feedback about USDA commodities, thereby helping the Agency to make improvements to its products. AMS would like to continue the use of the customer opinion postcards to get voluntary customer feedback on various products each year by re-approval of the Customer Opinion Postcard, Form AMS-11. In this way, AMS will be better able to meet the quality expectations of school food service personnel and the 31 million school children who consume these products daily as well as recipients of other food assistance programs.

Information about customers' perceptions of USDA-procured products is sought as a sound management practice to support AMS activities under 7 CFR 250, regulations for "Donation of Foods for Use in the United States, Its Territories and Possessions and Areas Under Its
