Statutory Authority, Applicable Regulations, and Funding Level

Funding is authorized under the provisions of the CWA Sec.104(b)(3), 33U.S.C.1254(b)(3).

The regulations governing the award and administration of Water Quality Cooperative Agreements are 40 CFR part 30 (for institutions of higher learning, hospitals, and other nonprofit organizations) and 40 CFR part 31 (for States, local governments, and interstate agencies).

Total funding available for award by Region 6 is dependent on EPA's appropriation for Fiscal Year 2002; however, it is estimated that \$1 million will be available for funding approved projects. A minimum match of five percent will be required for all approved projects and should be included in the total funding requested for each proposal submitted.

Proposal Format and Contents

Proposals should be no more than three pages in Wordperfect or Word with a minimum font size of 10 pitch. Failure to follow the format or to include all requested information could result in proposal not being considered for funding. Full application packages should not be submitted at this time. The following format should be used for all proposals:

Name of Project:

Point of Contact: (Individual and Agency/Organization Name, Address, Phone Number, Fax Number, E-mail Address)

Is This a Continuation of a Previously Funded Project (if so, please provide the status of the current grant or cooperative agreement):

Proposed Federal Amount:

Proposed Non-Federal Match (minimum of 5%):

The match is based on the total project cost not the Federal amount. To determine a proposed minimum match of 5%, use the following example:

Federal amount = \$25,000

Total Project Cost = T

The Federal amount is 95 % of T,

therefore:

$\$25,000 = T \times 0.95$

$\$25,000 / 0.95 = T$

$\$26,316 = T$ (round the decimal)

If the total project cost is \$26,316,

then:

$\$26,316 \times 0.05 = \$1,316$ non-Federal match

Proposed Total Award Amount:

Description of General Budget

Proposed To Support Project:

Project Description: (Should not exceed two pages of single-spaced text)

Expected Accomplishments or Product, with Dates, and Interim Milestones: This section should also include a discussion of a communication plan for distributing the project results to interested parties.
