

SUPPLEMENTARY INFORMATION: The Copyright Act grants to sound recordings copyright owners the exclusive right to publicly perform sound recordings by means of certain digital audio transmissions, subject to limitations. Specifically, the right is limited by the statutory license in section 114 of the Copyright Act, which allows nonexempt noninteractive digital subscription services, eligible nonsubscription services, and preexisting satellite digital audio radio services to perform publicly sound recordings by means of digital audio transmissions. 17 U.S.C. 114(f). In addition, a statutory license in section 112 of the Copyright Act allows a service to make necessary ephemeral reproductions to facilitate digital transmission of the sound recordings. 17 U.S.C. 112(e).

Licensees may operate under these licenses provided they pay the royalty fees and comply with the terms set by the Copyright Royalty Judges (Judges). The rates and terms for the section 112 and 114 licenses are codified in 37 CFR parts 380 and 382–84.

As one of the terms for these licenses, the Judges designated SoundExchange, Inc., (SoundExchange) as the Collective, *i.e.*, the organization charged with collecting the royalty payments and statements of account submitted by licensees, including those that operate commercial webcaster services, preexisting satellite digital audio radio services, new subscription services, and those that make ephemeral copies for transmission to business establishments. The Collective is also charged with distributing royalties to copyright owners and performers entitled to receive them under the section 112 and 114 licenses. See 37 CFR 380.4(d)(1), 382.5(d)(1), 383.4(a), and 384.4(b)(1).

As the Collective, SoundExchange may, only once a year, conduct an audit of a licensee for any or all of the prior three calendar years to verify royalty payments. SoundExchange must first file with the Judges a notice of intent to audit a licensee and deliver the notice to the licensee. See 37 CFR 380.6(b), 382.7(b), 383.4(a), and 384.6(b).

On January 20, 2023, SoundExchange filed with the Judges a notice of intent to audit Sonos Radio for the years 2020, 2021, and 2022. The Judges must publish notice in the **Federal Register** within 30 days of receipt of a notice announcing the Collective's intent to conduct an audit. See 37 CFR 380.6(c), 382.7(c), 383.4(a), and 384.6(c). This notice fulfills that obligation with respect to SoundExchange's January 20,

2023 notice of intent to audit Sonos Radio for the years 2020, 2021 and 2022.

David P. Shaw,

Chief Copyright Royalty Judge.

NATIONAL SCIENCE FOUNDATION

Request for Information on the 2023 Federal Cybersecurity Research and Development Strategic Plan

AGENCY: Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO), National Science Foundation (NSF).

ACTION: Request for information.

SUMMARY: Pursuant to the Cybersecurity Enhancement Act of 2014, Federal agencies must update the Federal cybersecurity research and development (R&D) strategic plan every four years. The NITRD NCO seeks public input for the 2023 update of the Federal cybersecurity R&D strategic plan. The updated plan will be used to guide and coordinate federally funded research in cybersecurity, including cybersecurity education and workforce development, and the development of consensus-based standards and best practices in cybersecurity.

DATES: To be considered, submissions must be received on or before 11:59 p.m. (ET) on March 3, 2023.

ADDRESSES: Submissions to this notice may be sent by any of the following methods:

(a) *Email:* cybersecurity@nitrd.gov. Email submissions should be machine-readable and not be copy-protected. Submissions should include “RFI Response: Federal Cybersecurity R&D Strategic Plan” in the subject line of the message.

(b) *Fax:* 202–459–9673, Attn: Tomas Vagoun.

(c) *Mail:* NCO/NITRD, Attn: Tomas Vagoun, 2415 Eisenhower Avenue, Alexandria, VA 22314, USA.

Instructions: Response to this RFI is voluntary. Submissions must not exceed 25 pages in 12-point or larger font, with a page number provided on each page. Responses should include the name of the person(s) or organization(s) providing the submission.

Responses to this RFI may be posted online at <https://www.nitrd.gov>. Therefore, we request that no business-proprietary information, copyrighted information, or personally identifiable information be submitted in response to this RFI.

In accordance with FAR 15.202(3), responses to this notice are not offers and cannot be accepted by the Federal Government to form a binding contract. Responders are solely responsible for all expenses associated with responding to this RFI.

FOR FURTHER INFORMATION CONTACT:

Tomas Vagoun at cybersecurity@nitrd.gov or 202–459–9674, or by mailing to NCO/NITRD, 2415 Eisenhower Avenue, Alexandria, VA 22314, USA. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The Cybersecurity Enhancement Act of 2014 (<https://www.gpo.gov/fdsys/pkg/PLAW-113publ274/pdf/PLAW-113publ274.pdf>) requires that every four years the applicable Federal agencies, working through the National Science and Technology Council and the Networking and Information Technology R&D (NITRD) program, develop and update a Federal cybersecurity research and development strategic plan. The most recent version of the strategic plan was released in December 2019 (<https://www.nitrd.gov/pubs/Federal-Cybersecurity-RD-Strategic-Plan-2019.pdf>).

On behalf of Federal agencies and the NITRD Cyber Security and Information Assurance Interagency Working Group, the NCO for NITRD seeks public input on Federal priorities in cybersecurity R&D. Responders should consider a 10-year time frame when characterizing the challenges, prospective research activities, and desired outcomes. Responders are asked to answer one or more of the following questions:

1. What new innovations have the potential to greatly enhance the security, reliability, resiliency, trustworthiness, and privacy protections of the digital ecosystem (including but not limited to data, computing, networks, cyber-physical systems, and participating entities such as people and organizations)?

2. Are there mature solutions in the marketplace that address the deficiencies raised in the 2019 Strategic Plan? What areas of research or topics of the 2019 Strategic Plan no longer need to be prioritized for federally funded basic and applied research?

3. What areas of research or topics of the 2019 Strategic Plan should continue to be a priority for federally funded research and require continued Federal R&D investments?

4. What objectives not included in the 2019 Strategic Plan should be strategic priorities for federally funded R&D in cybersecurity? Discuss the challenges, desired capabilities and outcomes, and objectives that should guide research to achieve the desired capabilities, and why those capabilities and outcomes should be strategic priorities for federally funded R&D.

5. What other scientific, technological, economic, legal, or societal changes and developments occurring now or in the foreseeable future have the potential to significantly disrupt our abilities to secure the digital ecosystem and make it resilient? Discuss what federally funded R&D could improve the understanding of such developments and improve the capabilities needed to mitigate against such disruptions.

6. What further advancements to cybersecurity education and workforce development, at all levels of education, should be considered to prepare students, faculty, and the workforce in the next decade for emerging cybersecurity challenges, such as the implications of artificial intelligence, quantum computing, and the Internet of Things on cybersecurity?

7. What other research and development strategies, plans, or activities, domestic or in other countries, should inform the U.S. Federal cybersecurity R&D strategic plan?

Following the receipt of comments, the NITRD Cyber Security and Information Assurance Interagency Working will consider the input provided when updating the Federal cybersecurity R&D strategic plan.

Submitted by the National Science Foundation in support of the Networking and Information Technology Research and Development (NITRD) National Coordination Office (NCO) on February 1, 2023.

(Authority: 42 U.S.C. 1861.)

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

NEIGHBORHOOD REINVESTMENT CORPORATION

Sunshine Act Meetings

TIME AND DATE: 2:00 p.m., Thursday, February 16, 2023.

PLACE: 1255 Union Street NE, Fifth Floor, Washington, DC 20002.

STATUS: Parts of this meeting will be open to the public. The rest of the meeting will be closed to the public.

MATTERS TO BE CONSIDERED: Regular Board of Directors meeting.

The General Counsel of the Corporation has certified that in his opinion, one or more of the exemptions set forth in the Government in the Sunshine Act, 5 U.S.C. 552b (c)(2) and (4) permit closure of the following portion(s) of this meeting:

- Executive Session

Agenda

- I. Call to Order
- II. Sunshine Act Approval of Executive (Closed) Session
- III. Executive Session Special Topic
- IV. Executive Session Report from CEO
- V. Executive Session: Report from CFO
- VI. Executive Session: General Counsel Report
- VII. NeighborWorks Compass Update
- VIII. Action Item Authority to Contract for Development Services for NW Compass
- IX. Action Item Approval of Minutes
- X. Action Item Election of Vice Chair
- XI. Action Item FY23 All-Sources Budget
- XII. Action Item Authority to Increase Spend for Procurement Management System (PRISM)
- XIII. Discussion Item Report from CIO
- XIV. Discussion Item CIGNA Special Delegation
- XV. Discussion Item DC Office Relocation Update
- XVI. Management Program Background and Updates
- XVII. Adjournment

PORTIONS OPEN TO THE PUBLIC: Everything except the Executive Session.

PORTIONS CLOSED TO THE PUBLIC: Executive Session.

CONTACT PERSON FOR MORE INFORMATION: Lakeyia Thompson, Special Assistant, (202) 524-9940; Lthompson@nw.org.

Lakeyia Thompson,
Special Assistant.

NUCLEAR REGULATORY COMMISSION

[NRC-2022-0067]

Information Collection: NRC Policy Statement, "Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof by States Through Agreement," Maintenance of Existing Agreement State Programs, Requests for Information Through the Integrated Materials Performance Evaluation Program (IMPEP) Questionnaire, and Agreement State Participation in IMPEP

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of submission to the Office of Management and Budget; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted a request for renewal of an existing collection of information to the Office of Management and Budget (OMB) for review. The information collection is entitled, NRC Policy Statement, "Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof by States Through Agreement," Maintenance of Existing Agreement State Programs, Requests for Information Through the Integrated Materials Performance Evaluation Program (IMPEP) Questionnaire, and Agreement State Participation in IMPEP.

DATES: Submit comments by March 9, 2023. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: David C. Cullison, NRC Clearance Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-415-2084; email: Infocollects.Resource@nrc.gov.
