BILLING CODE 4410-18-M

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Advisory Committee on Preservation; Meeting

AGENCY: National Archives and Records Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2) and implementing regulation 41 CFR 101-6, the National Archives and Records Administration (NARA) announces a meeting of the Advisory Committee on Preservation. NARA uses the Committee's recommendations on NARA's implementation of strategies for preserving the permanently valuable records of the Federal Government.

DATES: November 8, 2001, from 10 a.m. to 5 p.m. and November 9, 2001, from 9 a.m. to noon.

ADDRESSES: National Archives and Records Administration, 8601 Adelphi Road, lecture rooms B & C, College Park, MD 20740-6001.

FOR FURTHER INFORMATION CONTACT: Alan Calmes, Preservation Archivist, 301-713-7403.

SUPPLEMENTARY INFORMATION:

1. The agenda for this meeting is a review of the NARA preservation program.

2. Discussion of the application of state-of-the-art technology for the preservation of paper, film, audio, and video Federal records.

This meeting will be open to the public, but seating may be limited.

Dated: September 17, 2001.

Mary Ann Hadyka,

Committee Management Officer.

BILLING CODE 7515-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-277 and 50-278]

Exelon Generation Company, LLC, PSEG Nuclear, LLC, Atlantic City Electric Company; Peach Bottom Atomic Power Station, Units 2 and 3; Notice of Intent To Prepare an Environmental Impact Statement and Conduct Scoping Process

Exelon Generation Company, LLC (Exelon) has submitted an application for renewal of Operating Licenses Nos. DRP-44 and DRP-56 for an additional 20 years of operation at the Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3. PBAPS is located partly in York County and partly in Lancaster County, Pennsylvania. The application for renewal was submitted by letter dated July 2, 2001, pursuant to 10 CFR part 54. A notice of receipt of application, including the environmental report (ER), was published in the **Federal Register** on July 25, 2001 (66 FR 38753). A notice of acceptance for docketing of the application for renewal of the facility operating license was published in the **Federal Register** on August 31, 2001 (66 FR 46036). The purpose of this notice is to inform the public that the U.S. Nuclear Regulatory Commission (NRC) will be preparing an environmental impact statement in support of the review of the license renewal application and to provide the public an opportunity to participate in the environmental scoping process as defined in 10 CFR 51.29.

In accordance with 10 CFR 54.23 and 10 CFR 51.53(c), Exelon submitted the ER as part of the application. The ER was prepared pursuant to 10 CFR part 51 and is available for public inspection at the NRC Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, or from the Publicly Available Records component of NRC's document system (ADAMS). ADAMS is accessible at <http://www.nrc.gov/NRC/ADAMS/index.html>, (the NRC Public Electronic Reading Room (PERR)). If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC Public Document Room Reference staff at 1-800-397-4209, or 301-415-4737, or by e-mail to pdrc@nrc.gov. In addition, the Whiteford Branch Library, located at 2407 Whiteford Road, Whiteford, MD and the Collinsville Community Library, located at 2632 Delta Road, Brogue, PA, have each been provided a reference copy of

the ER and have agreed to make it available for public inspection.

This notice advises the public that the NRC intends to gather the information necessary to prepare a plant-specific supplement to the Commission's "Generic Environmental Impact Statement (GEIS) for License Renewal of Nuclear Plants," (NUREG-1437) in support of the review of the application for renewal of the PBAPS operating licenses for an additional 20 years. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources. 10 CFR 51.95 requires that the NRC prepare a supplement to the GEIS in connection with the renewal of an operating license. This notice is being published in accordance with the National Environmental Policy Act (NEPA) and the NRC's regulations found in 10 CFR part 51.

The NRC will first conduct a scoping process for the supplement to the GEIS and, as soon as practicable thereafter, will prepare a draft supplement to the GEIS for public comment. Participation in this scoping process by members of the public and local, State, and Federal government agencies is encouraged. The scoping process for the supplement to the GEIS will be used to accomplish the following:

- a. Define the proposed action which is to be the subject of the supplement to the GEIS.
- b. Determine the scope of the supplement to the GEIS and identify the significant issues to be analyzed in depth.
- c. Identify and eliminate from detailed study those issues that are peripheral or that are not significant.
- d. Identify any environmental assessments and other environmental impact statements (EISs) that are being or will be prepared that are related to but are not part of the scope of the supplement to the GEIS being considered.

e. Identify other environmental review and consultation requirements related to the proposed action.

f. Indicate the relationship between the timing of the preparation of environmental analyses and the Commission's tentative planning and decision-making schedule.

g. Identify any cooperating agencies and, as appropriate, allocate assignments for preparation and schedules for completing the supplement to the GEIS, to the NRC, and any cooperating agencies.

h. Describe how the supplement to the GEIS will be prepared, including any contractor assistance to be used.
