Abstract: This data collection will focus on gathering relevant information on the Technical Assistance and Dissemination (TA&D) Program from program grantees and from officials at State Education Agencies (SEAs) and Part C lead agencies. The second activity will be a state survey, which will provide information concerning the needs that SEAs and Part C lead agencies have for technical assistance to support the implementation of the Individuals with Disabilities Education Act (IDEA) and support improvement of child outcomes, and the technical assistance services and products that have been accessed or received by selected staff at the state level from Office of Special Education Programs (OSEP) TA&D Program centers and their satisfaction with those services and products.

The data from these two activities will address the following research questions:
