Western Area Power Administration

Boulder Canyon Project—Rate Order No. WAPA-171

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of proposed extension of electric service rate-setting formula and adjustment to base charge and rates.

SUMMARY: The Western Area Power Administration (Western) is proposing to extend the existing rate-setting formula for the Boulder Canyon Project (BCP) through September 30, 2020, and adjust the annual calculation for fiscal year (FY 2016) Base Charge and Rates under proposed Rate Schedule BCP-F9

(Proposed Base Charge and Rates). The existing Rate Schedule BCP-F8 expires on September 30, 2015. This notice of proposed extension of the electric service rate-setting formula and adjustment of the base charge and rates is issued pursuant to 10 CFR part 903.23(a) and 10 CFR part 904.

Publication of this **Federal Register** notice begins the formal process for the proposed extension of the electric service rate-setting formula and the annual calculation of the base charge and rates.

DATES: The consultation and comment period begins today and will end May 11, 2015. Western will hold a public information forum on April 1, 2015, beginning at 10:30 a.m. MST, in Phoenix, Arizona. Western will accept oral and written comments at a public comment forum on April 29, 2015, beginning at 10:30 a.m. MST, in Phoenix, Arizona. Western will also accept written comments any time during the consultation and comment period.

ADDRESSES: The public information forum and public comment forum will be held at the Desert Southwest Regional Customer Service Office, located at 615 South 43rd Avenue, Phoenix, Arizona, on the dates cited above. Written comments should be sent to Mr. Ronald E. Moulton, Desert Southwest Regional Manager, Desert Southwest Customer Service Region, Western Area Power Administration, P.O. SUPPLEMENTARY INFORMATION: The existing Rate Schedule BCP-F8, Rate Order No. WAPA-150 was approved by the Federal Energy Regulatory Commission (FERC) for the period beginning October 1, 2010, and ending September 30, 2015.¹ The existing rate schedule consists of a Base Charge and Rates for electric service. The base charge and rates provide adequate revenue to pay all annual costs, including interest expense, and repay investment within the allowable period. The base charge and rates are calculated annually to ensure repayment of the project within the cost recovery criteria set forth in DOE Order RA 6120.2.

Western proposes to extend the existing electric service rate-setting formula through September 30, 2020, under Rate Order No. WAPA-171, and seek approval of the annual calculation for the FY 2016 Proposed Base Charge and Rates. Under Rate Schedule BCP-F9, Rate Order No. WAPA-171, the Proposed Base Charge and Rates for BCP electric service are expected to increase as a result of projected replacements costs and visitor center costs. The following table lists the Proposed Base Charge and Rates, however, these amounts will change based on actual data published in the FY 2014 financial statements, which are not yet available.

TABLE 1—SUMMARY OF ELECTRIC SERVICE BASE CHARGE AND RATES
