Abstract (Needs and Uses): The information provided in the OPIC-129 is used by OPIC as a part of the Character Risk Due Diligence/background check procedure (similar to a commercial bank's Know Your Customer procedure) that it performs on each party that has a significant relationship (10% or more beneficial ownership, provision of significant credit support, significant managerial relationship) to the projects that OPIC finances. The only change being made is to adjust the threshold from 5% to 10% in order to make OPIC's due diligence process more efficient and less resource intensive without significantly increasing the reputational and project risks associated with OPIC transactions.
