NMFS issues permits based on finding that such permits: (1) are applied for in good faith; (2) if granted and exercised, would not operate to the disadvantage of the listed species that are the subject of the permit; and (3) are consistent with the purposes and policy of section 2 of the ESA. The authority to take listed species is subject to conditions set forth in the permits.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to and deletions from the Procurement List.

SUMMARY: This action adds service(s) to the Procurement List that will be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes service(s) from the Procurement List previously furnished by such agencies.

DATES: *Date added to the Procurement List:* July 31, 2022; *Date deleted from the Procurement List:* August 14, 2022.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S Clark Street, Suite 715, Arlington, Virginia, 22202–4149.

FOR FURTHER INFORMATION CONTACT: Michael R. Jurkowski, Telephone: (703) 785–6404, or email CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Additions

On 4/29/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most

recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service(s) are added to the Procurement List:

Service(s)

Service Type: Custodial Service

Mandatory for: OPM, Theodore Roosevelt Building, Washington, DC

Designated Source of Supply: Melwood Horticultural Training Center, Inc., Upper Marlboro, MD

Contracting Activity: OFFICE OF PERSONNEL MANAGEMENT, OPM PHILADELPHIA REGION CONTRACTING

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Office of Personnel Management (OPM), Custodial, Recycling & Snow Removal Services, Theodore Roosevelt Building, Washington DC contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the OPM will refer its business elsewhere, this addition must be effective on July 31, 2022, ensuring timely execution for an August 1, 2022, start date while still allowing 16 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been determined that no severe adverse impact exists on the incumbent contractor. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on April

29, 2022 and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Deletions

On 4/1/2022 and 4/8/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3.

After consideration of the relevant matter presented, the Committee has determined that the product(s) and service(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) deleted from the Procurement List.

End of Certification

Accordingly, the following service(s) are deleted from the Procurement List:

Service(s)

Service Type: Janitorial/Custodial

Mandatory for: Bureau of Land Management, Salt Lake City Field Office and Warehouse, Salt Lake City, UT; 2370 S. Decker Lake Blvd.; Salt Lake City, UT

Designated Source of Supply: Columbus Foundation, Inc., Salt Lake City, UT
Contracting Activity: BUREAU OF LAND MANAGEMENT, BUREAU OF LAND MANAGEMENT

Service Type: Janitorial/Custodial

Public Scoping for Environmental Impact Statement—Real Estate Transaction and Related Utilities Infrastructure Upgrade at U.S. Army Garrison—West Point and Vicinity

AGENCY: Department of the Army,
Department of Defense (DoD).

ACTION: Notice of Intent (NOI).

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA), as implemented by Council on Environmental Quality regulations, the Department of the Army announces its intent to prepare an environmental impact statement (EIS) to analyze a real estate transaction and a related utilities infrastructure upgrade. The real estate transaction would alter, where necessary, an existing transmission line easement at West Point, NY, and would grant to Orange and Rockland Utilities (O&R) a new 150-foot-wide transmission line easement at West Point. These measures would allow O&R to upgrade its existing 34.5-kilovolt (kV) electrical transmission line and associated infrastructure between its Woodbury Transition Station (in the Town of Woodbury, NY), West Point, NY, and the neighboring Village of Highland Falls, NY. The EIS will evaluate the environmental impact of the Proposed Action, to include its impact on adjacent properties.

DATES: Comments must be received by August 29, 2022.

ADDRESSES: Please send any written comments or questions to Mr. Christopher Pray via email (christopher.c.pray.civ@army.mil) or via regular mail: U.S. Army Garrison—West Point NEPA Coordinator (Attn: AMIM-MLP-E), Building 667A, Ruger Road, West Point, NY 10996.

FOR FURTHER INFORMATION CONTACT: Mr. Christopher Pray at the above addresses or at phone number (845) 938-7122.

SUPPLEMENTARY INFORMATION: The purpose of the Proposed Action is to allow O&R to expand transmission capacity and ensure system redundancy. The Proposed Action is needed because West Point's electric demand is nearing total system capacity. There is no backup in case of emergency and/or

planned outages. The current 34.5kV system consists of two 19-megawatt (MW) circuits (38MW total). No reserve capacity exists in either circuit, resulting in a lack of redundant capabilities for a significant number of hours each year. Because the neighboring communities of Highland Falls and Fort Montgomery both receive their electricity from the same 34.5kV system that supplies West Point, these municipalities would also benefit from having a fully redundant electrical system. The Proposed Action would increase overall energy resiliency. Implementing the Proposed Action would allow U.S. Army Garrison—West Point (USAG—West Point) to continue to improve and modernize the educational facilities and infrastructure of the U.S. Military Academy as part of USAG—West Point's larger master planning efforts.

The Proposed Action includes the following steps:

- USAG—West Point would enter into a real estate transaction with O&R to alter, where necessary, the alignment of the existing transmission line easement along approximately eight miles of West Point property and grant a new, approximately one-mile-long, 150-foot-wide easement on West Point property to connect the upgraded transmission line to a new Wilson Gate Collocated Substation at West Point.
- O&R would construct two temporary, overhead (OH), 34.5kV transmission lines where necessary to maintain service. O&R would use existing transmission lines to the greatest extent possible.
- O&R would install a mobile substation at the O&R Dean Substation on Mine Torne Road at West Point.
- O&R would decommission the existing 34.5kV transmission line to West Point, Highland Falls, and Fort Montgomery.
- O&R would construct an upgraded 138kV transmission line, an upgraded O&R Dean Substation, a new three-way switching station along the transmission line easement outside the O&R Dean Substation, an upgraded O&R Harriman Substation (in the Town of Woodbury, NY), and an upgraded USAG—West Point Delafield Substation. USAG—West Point and O&R would then construct a new, co-owned, Wilson Gate Collocated Substation at West Point.
- O&R would decommission the temporary, OH, 34.5kV transmission line, the O&R Highland Falls Substation, and the existing USAG—West Point Wilson Gate Substation.

The transmission line upgrade would require additional real estate transactions between O&R and the State
