Title: Customs Declaration.

OMB Number: 1651–0009.

Form Number: 6059B.

Abstract: The Customs Declaration, CBP Form 6059B, requires basic information to facilitate the clearance of persons and goods arriving in the United States and helps CBP officers determine if any duties or taxes are due. The form is also used for the enforcement of CBP and other agencies laws and regulations. CBP proposes to increase the burden hours for this collection as a result of better estimates regarding the number of respondents filling out the Form 6059B. Specifically, CBP is revising the number of respondents to this information collection from 60,000,000 to 105,606,000. This increase in the number of respondents also results in an increase to the burden hours. In addition, CBP proposes to make a minor change to the estimated time per response by decreasing the time from 4 minutes and 5 seconds to 4 minutes. No changes were made to the Form.

Current Actions: CBP is proposing to revise the burden hours as a result of better estimates regarding the number of respondents and response time associated with this collection of information.

Estimated Number of Annual Responses per Respondent: 1.
