SUPPLEMENTARY INFORMATION:

Title: FHWA Major Project Financial Plans and Project Management Plans.

OMB Control #: 2125-XXXX.

Background: Major projects are defined in section 106(h) of title 23, United States Code (U.S.C.), as projects receiving Federal financial assistance with an estimated total cost of \$500,000,000, or other projects as may be identified by the Secretary. Major projects are typically large, complex projects designed to address major highway needs and require the investment of significant financial resources. Project sponsors of major projects are required to submit a project management plan and an annual financial plan to FHWA.

The preparation of the project management plan, as required by 23 U.S.C. 106(h)(2), ensures that clearly defined roles, responsibilities, procedures and processes are in effect to provide timely information to the project decision makers to effectively manage the scope, costs, schedules, quality of, and the Federal requirements applicable to, the project. The project management plan serves as a guide for implementing the major project and documents assumptions and decisions regarding communication, management processes, execution and overall project control.

The preparation of the annual financial plan, as required by 23 U.S.C. 106(h)(3), ensures that the necessary financial resources are identified, available, and monitored throughout the life of the project. An annual financial plan is a comprehensive document that reflects the project's scope, schedule, cost estimate, and funding structure to provide reasonable assurance that there will be sufficient funding available to implement and complete the entire project, or a fundable phase of the project, as planned. Section 106(i) of title 23 requires project sponsors of other projects with an estimated total cost of \$100,000,000 or more that is not covered by subsection (h) to prepare annual financial plans that are to be made available to the Secretary for review upon the request of the Secretary.

Respondents: Approximately 200 project sponsors per year.

Estimated Average Burden per Response: Approximately 40 hours for the initial submittal of each plan and 20 hours for each update.

Estimated Total Annual Burden: Approximately 40 initial plans and 160 plan updates are submitted each year. For a total of approximately, 4,800 hours each year.

Electronic Access: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>. Follow the online instructions for accessing the dockets.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: November 17, 2014.

Michael Howell,

Information Collections Officer.
