BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifiers: CMS-10401]

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare & Medicaid Services.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (the PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information. Interested persons are invited to send comments regarding our burden estimates or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. This is necessary to ensure compliance with an initiative of the Administration. We are requesting an emergency review under 5 CFR 1320.13(a)(2)(i) because public harm is reasonably likely to result if the normal clearance procedures are followed. We are seeking emergency approval for modifications to the information collection request (ICR) currently approved under Office of Management and Budget (OMB) control number 0938-1155. CMS seeks an emergency revision to the ICR approved under 0938-1155 to collect additional information from health insurance companies as part of the MLR and risk corridors programs. This ICR is necessary to validate data that issuers have previously submitted to CMS in

more detail than CMS has previously anticipated. While conducting program integrity reviews of submitted data, CMS has identified a number of significant discrepancies in the 2014 benefit year submissions that issuers made for MLR and risk corridors on July 31, 2015. CMS also identified a number of common errors that may lead to submissions that do not comply with CMS regulations and guidance. In order to resolve these potential discrepancies, ensure all submissions comply with applicable guidance, and operate the MLR and risk corridors program accurately and effectively, CMS needs additional information to explain the data found in issuers' underlying MLR and risk corridors submissions. Without this additional information, CMS will be unable to verify the accuracy of the submission and validate the data needed to operate the MLR or risk corridors programs.

DATES: Comments must be received by September 3, 2015.

ADDRESSES: When commenting, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be submitted in any one of the following ways:

1. *Electronically.* You may send your comments electronically to <http://www.regulations.gov>. Follow the instructions for "Comment or Submission" or "More Search Options" to find the information collection document(s) that are accepting comments.

2. *By regular mail.* You may mail written comments to the following address: CMS, Office of Strategic Operations and Regulatory Affairs, Division of Regulations Development, Attention: CMS-10401/OMB Control Number 0938-1155, Room C4-26-05, 7500 Security Boulevard, Baltimore, Maryland 21244-1850.
