

chosen to use conveners as a vehicle to recruit physician practices for participation in the demonstration because it is expected that the likely applicants for the convenue have well developed relationships (or the ability to establish) with a significant network of physicians that could be potential applicants for participation in the demonstration. Therefore, conveners would be highly effective at providing a robust panel of physicians that could satisfy the selection requirements outlined in the statute. Conveners must also disclose in the application whether the DSS may be retained by the participating practice after the demonstration is concluded and whether the DSS may be used to order items and services other than the subject imaging services.

Applicants must submit their applications in the standard format outlined in CMS' Medicare Waiver Demonstration Application and MID solicitation in order to be considered for review by the technical review panel. Applications not received in this format will not be considered for review.

The Medicare Waiver Demonstration Application can be found electronically at: <http://www.cms.hhs.gov/cmsforms/downloads/cms10069.pdf>.

For specific details regarding the MID, please refer to the solicitation on the CMS Web site at: http://www.cms.hhs.gov/DemoProjectsEvalRpts/downloads/Medicare_Imaging_Demonstration.pdf.

II. Collection of Information Requirements

Section 135(b)(4)(A) of the MIPPA (Pub. L. 110–275) exempts this demonstration from the Chapter 35 of Title 44 of the United States Code; however, the collection form entitled “Medicare Demonstration Waiver Application” is currently approved under OMB control number 0938–0880.

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program (EEOICP) Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, and will expire on August 3, 2011.

Purpose: This Advisory Board is charged with (a) Providing advice to the Secretary,
