Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the program is to: (1) Improve results for children with disabilities by promoting the development, demonstration, and use of technology, (2) support educational media services activities designed to be of educational value in the classroom setting to children with disabilities, and (3) provide support for captioning and video description that is appropriate for use in the classroom setting.

Priorities: This competition contains one absolute priority and one competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(iv) and (v), these priorities are from allowable activities specified in the statute, or otherwise authorized in the statute (see sections 674 and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2007 this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

*Technology and Media Services for Individuals With Disabilities—
Television Access*

Background of Priority

On July 21, 2000, the Federal Communications Commission (FCC) adopted rules to make television more accessible to people with visual disabilities by mandating that a certain amount of programming contain video description. However, in November 2002, a Federal court struck down these rules. Thus, because FCC accessibility rules do not currently require video description, only a limited number of television programs provide video description for individuals with blindness or low vision. For more information about video description, please refer to: <http://www.fcc.gov/cgb/dro/video-description.html>.

The FCC is also responsible for implementing and monitoring the closed captioning requirements of the Telecommunications Act of 1996. In that law, Congress authorized the FCC to adopt exemptions from general captioning requirements. For more information about closed captioning and the exemptions please refer to: <http://www.fcc.gov/cgb/consumerfacts/closedcaption.html>.

Through the following priority, we intend to support projects that will provide video description and captioning of programming that is appropriate for use in the classroom setting for children with disabilities, thereby increasing these children's access to educational video programming.

Statement of Priority: Under this priority, an applicant must describe, or describe and caption, widely available programs that are appropriate for use in the classroom setting for children with disabilities at the preschool, elementary, or secondary level.

To meet the requirements of this priority, an application must—

(a) Include criteria for selecting programs of high educational value that take into account the preferences of educators, students, and parents.

(b) Identify the extent to which the programming to be video described or video described and captioned is widely available.

(c) Identify the total number of program hours the project will make accessible and the cost per hour for description and, if the applicant is proposing both description and captioning, the cost per hour for description and captioning.

(d) For each video program, identify the source of any private or other public

support, and the projected dollar amount of that support, if any.

(e) Demonstrate the willingness of program providers or program owners to permit and facilitate the description or the description and captioning of their programs.

(f) Provide assurances from program providers or program owners stating that programs made accessible under this project will air, and will continue to air during the duration of the grant award, with descriptions or with descriptions and captions.

(g) If the applicant is proposing both description and captioning, provide assurances from program providers or program owners stating that programs captioned under this project would not otherwise be captioned to meet the FCC's captioning requirements, or are specifically exempt from the FCC's captioning requirements.

In addition, projects funded under this priority must—

(a) Establish a consumer advisory group that includes parents and educators. This group must convene at least annually for the purpose of certifying that each program to be described or described and captioned with project funds is of high educational value and is appropriate for use in a preschool, elementary or secondary level classroom for children with disabilities, taking into account the educational needs of students, including intellectual/cognitive and social/emotional needs.

(b) Implement procedures for monitoring the extent to which full accessibility is provided, and use this information to make refinements in project operations.

(c) Identify the anticipated shelf-life and range of distribution of the video programs that is possible without further costs to the project.

(d) Budget for a three-day Project Directors' meeting in Washington, DC during each year of the project.

(e) If the project maintains a Web site, include relevant information and documents in a format that meets a government or industry-recognized standard for accessibility.

Competitive Preference Priority: Within this absolute priority, we give competitive preference to applications that address the following priority. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 10 points to an application from a small business. Applicants must document their status as a small business according to the definition for their business category as provided by the Small Business Administration (SBA) (for more

information see SBA Web site at: <http://www.sba.gov/size/index.html>).

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553), the Department generally offers interested parties the opportunity to comment on proposed priorities. However, section 681(d) of IDEA makes the public comment requirements of the APA inapplicable to the priorities in this notice.

Program Authority: 20 U.S.C. 1474 and 1481.

Applicable Regulations: The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 74, 75, 77, 79, 80, 81, 82, 84, 85, 86, 97, 98, and 99.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to IHEs only.

Please note the following:

- Your participation in Grants.gov is voluntary.
- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

• Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not consider your application if it is date and time stamped by the Grants.gov system later than 4:30 p.m., Washington, DC time, on the application deadline date. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30 p.m., Washington, DC time, on the application deadline date.

• The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

• You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

• To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your

organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>). You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you submit your application in paper format.

- If you submit your application electronically, you must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications. Please note that two of these forms—the SF 424 and the Department of Education Supplemental Information for SF 424—have replaced the ED 424 (Application for Federal Education Assistance).

- If you submit your application electronically, you must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30 p.m., Washington, DC time, on the application deadline date, please contact the person listed elsewhere in this notice under **FOR FURTHER INFORMATION CONTACT** and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. *Treating a Priority as Two Separate Competitions:* In the past, there have been problems in finding peer reviewers without conflicts of interest for competitions in which many entities throughout the country submit applications. The Standing Panel requirements under IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary priorities, applications may be separated into two or more groups and ranked and selected for funding within the specific group. This procedure will ensure the availability of a much larger group of reviewers without conflicts of interest. It also will increase the quality, independence and fairness of the review process and permit panel members to review applications under discretionary priorities for which they have also submitted applications. However, if the Department decides to select for funding an equal number of applications in each group, this may result in different cut-off points for fundable applications in each group.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Reporting:* At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as specified by the Secretary in 34 CFR 75.118.

4. *Performance Measures:* Grantees will be expected to submit data on total number of hours of programs captioned or described in the aggregate. No additional data collection or review activities are planned.
