

regarding their purchases of camshafts, reaction shafts and transmission components during 2001, 2002 and January through September of 2003. The respondents reported no increased imports. The subject firm did not increase its reliance on imports of camshafts, reaction shafts and transmission components during the relevant period, nor did it shift production to a foreign source.

The petitioner alleges that the layoffs at the subject firm are attributable to a shift in production to foreign countries.

A review of the initial investigation and a further contact with a company official confirmed that Intermet, Radford Foundry, Radford, Virginia did plan a shift of production from Radford, Virginia facility to Mexico in the second quarter of 2004, after the relevant time period. The company official further indicated that no production has been moved from Radford Foundry to Mexico as of February 19, 2004, and no time line was given to when this will happen.

Should the shift to Mexico occur, the petitioners are encouraged to file a new petition on behalf of workers at the Intermet, Radford Foundry, Radford, Virginia, thereby creating a relevant period of investigation that would include changing conditions.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC, this 13th day of April 2004.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

MCS Industries, Somerset, NJ; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on March 25, 2004, applicable to workers of MCS Industries, Somerset, New Jersey. The notice will be published soon in the **Federal Register**.

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of photo albums and photo boxes.

Information shows that the New Jersey Department of Labor requested Alternative Trade Adjustment Assistance (ATAA) on behalf of the workers of the subject firm but that request was not addressed in the decision document.

Information obtained from the company states that a significant number of workers of the subject firm are age 50 or over, workers have skills that are not easily transferable, and conditions in the industry are adverse. Review of this information shows that all eligibility criteria under section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended have been met. Accordingly, the Department is amending the certification to reflect its finding.

The amended notice applicable to TA-W-54,415 is hereby issued as follows:

All workers of MCS Industries, Somerset, New Jersey, who became totally or partially separated from employment on or after March 2, 2003, through March 25, 2006, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974 and are also eligible to apply for Alternative Trade Adjustment Assistance under section 246 of the Trade Act of 1974.

Signed in Washington, DC this 29th day of April, 2004.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.
