

2000 Capital Fund final rule. The preamble explained how the rule would address implementation of the performance award factor of the Capital Fund Formula. As explained in the preamble, implementation of the performance award factor would coincide with implementation of PHAS. The regulatory text of the Capital Fund final rule, however, inadvertently failed to accurately reflect implementation of PHAS, as provided in the January 11, 2000 PHAS final rule. This rule therefore amends the March 16, 2000 final rule to correct this inconsistency.

### III. Findings and Certifications

#### *Environmental Impact*

A Finding of No Significant Impact with respect to the environment was prepared in connection with the September 14, 1999 proposed rule in accordance with the HUD regulations at 24 CFR part 50, which implement section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4223). That Finding is applicable to this final rule, and is available for public inspection between the hours of 7:30 a.m. and 5:30 p.m. weekdays in the Office of the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, DC.

#### *Regulatory Flexibility Act*

This rule will not have a significant impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act (5 U.S.C. 605(b)). The final rule is limited to amending the March 16, 2000 Capital Fund final rule to correct an error in the rule concerning implementation of the performance award factor. The regulatory flexibility analysis provided in the March 16, 2000 final rule is applicable to this rule.

#### *Federalism Impact*

This final rule does not have federalism implications. The rule does not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of Executive Order 13132 (entitled "Federalism").

#### *Unfunded Mandates Reform Act*

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) requires Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and on the private sector. This final rule does not impose, within the meaning of the UMRA, any Federal

mandates on any State, local, or tribal governments or on the private sector.

##### **Special Local Regulations for Marine Events; Severn River, College Creek, and Weems Creek, Annapolis, MD**

**AGENCY:** Coast Guard, DOT.

**ACTION:** Notice of implementation.

**SUMMARY:** The Coast Guard is implementing the special local regulations at 33 CFR 100.518 for the Navy Crew Rowing Race, a marine event to be held April 29 and May 26, 2000 on the waters of the Severn River at Annapolis, Maryland. These special local regulations are necessary to control vessel traffic due to the confined nature of the waterway and expected vessel congestion during the event. The effect will be to restrict general navigation in the regulated area for the safety of spectators and vessels transiting the event area.

**DATES:** 33 CFR 100.518 is effective from 6 a.m. to 10 a.m. on April 29 and from 6 a.m. to 10 a.m. on May 26, 2000.

Chief Warrant Officer R. L. Houck, Marine Events Coordinator, Commander, Coast Guard Activities Baltimore, 2401 Hawkins Point Road, Baltimore, MD 21226–1971, (410) 576–2674.

**SUPPLEMENTARY INFORMATION:** The U.S. Naval Academy will sponsor the Navy Crew Rowing Races on the waters of the Severn River at Annapolis, Maryland. The event will consist of Navy crew rowing teams in competition with other crew rowing teams from other universities. In order to ensure the safety of participants, spectators and transiting vessels, 33 CFR 100.518 will be in effect for the duration of the event. Under provisions of 33 CFR 100.518, vessels may not enter the regulated area without permission from the Coast Guard Patrol Commander. Spectator vessels may anchor outside the regulated area but may not block a navigable channel. Because these restrictions will only be in effect for a limited period, they should not result in a significant disruption of maritime traffic.

Dated: April 11, 2000.
