SOCIAL SECURITY ADMINISTRATION

[Docket No: SSA-2017-0039]

Agency Information Collection Activities: Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions of OMB-approved information collections, and one new information collection.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers. (OMB), Office of Management and

Budget, *Attn:* Desk Officer for SSA, *Fax:* 202-395-6974, *Email address:* *OIRA_Submission@omb.eop.gov* (SSA), Social Security Administration, OLCA, *Attn:* Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, *Fax:* 410-966-2830, *Email address:* *OR.Reports.Clearance@ssa.gov*

Or you may submit your comments online through *www.regulations.gov*, referencing Docket ID Number [SSA-2017-0039].

SSA submitted the information collections below to OMB for clearance. Your comments regarding these information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than

August 28, 2017. Individuals can obtain copies of the OMB clearance packages by writing to *OR.Reports.Clearance@ssa.gov*.

1. Promoting Opportunity Demonstration—0960-NEW. Section 823 of the Bipartisan Budget Act of 2015 requires SSA to carry out the Promoting Opportunity Demonstration (POD) to test a new benefit offset formula for Social Security Disability Insurance (SSDI) beneficiaries. Therefore, SSA is undertaking POD, a demonstration to evaluate the affect the new policy will have on SSDI beneficiaries and their families in several critical areas: (1) Employment, (2) benefits, (3) earnings, and (4) income (earnings plus benefits). Under current law, Social Security beneficiaries lose their SSDI benefit if they have earnings or work activity above the threshold of Substantial Gainful Activity (SGA). The POD evaluation will draw on previous lessons from related work incentive experiences, especially SSA's Benefit Offset National Demonstration (BOND), 0960-0785, which tested a different offset formula. POD tests a different policy than BOND in two important ways: (1) A lower threshold at which point the offset is applied—increasing the likelihood of reducing benefit expenditures relative to current law expenditures; and (2) A more immediate adjustment to the benefits—to increase the salience and clarity of the offset policy for beneficiaries. The POD will test a benefit offset that will reduce benefits by \$1 for every \$2 in participants' earnings above the POD threshold, gradually reducing benefits as earnings increase. The POD threshold will equal the greater of (1) an inflation-adjusted trial work period level (\$840 in 2017); or (2) the amount of the participant's itemized impairment-related work expenses up to SGA. The new rules we will test in POD also simplify work incentives and we intend them to promote employment and reduce dependency on benefits.

The design for POD will include implementation and evaluation activities designed to answer seven central research questions:

- What are the impacts of the two POD benefit designs on beneficiaries' earnings, SSDI benefits, and total earnings and benefit income?
- Is POD attractive to beneficiaries? Do they remain engaged over time?

- How were the POD offset policies implemented, and what operational, systemic, or contextual factors facilitated or posed challenges to administering the offset?

- How successful were POD and SSA in making timely benefit adjustments, and what factors affected timeliness positively or negatively?

- How do the impacts of the POD offset policies vary with beneficiary characteristics?

- What are the costs and benefits of the POD benefit designs relative to current law, and what are the implications for the SSDI trust fund?

- What are the implications of the POD findings for national policy proposals that would include a SSDI benefit offset?

The public survey data collections have four components—a process analysis, a participation analysis, an impact analysis, and a cost-benefit analysis. The data collections are the primary source for data to measure the effects of the benefit offset on SSDI beneficiaries' work efforts and earnings. Ultimately, these data will benefit researchers, policy analysts, policy makers, SSA, and the state vocational rehabilitation agencies in a wide range of program areas. There are four targeted outcomes for SSDI beneficiaries under POD: (1) Increased employment and earnings; (2) decreased benefits payments; (3) increased total income; and (4) impacts on other related outcomes (for example, health status and quality of life). Additionally, four outcomes of interest for system changes include: (1) Reduction in overpayments; (2) enhanced program integrity; (3) stronger culture of self-sufficiency; and (4) improved SSDI trust fund balance. Respondents are SSDI beneficiaries, who will provide written consent before agreeing to participate in the study and before we randomly assign them to one of the study treatment groups.

Type of Request: Request for a new information collection.

Note: The burden in the chart below differs from the burden SSA reported in our last published notice for this collection (April 18, 2017, at 82 FR 18335). The number of burden hours decreased because we removed questions from the information collection, resulting in a lower response time and an accompanying decrease in burden hours.
